Re: Application for Administrative Approval of
Unorthodox Location for Dugan Production Corp.

Dear Mr. Chavez:

Case 8879

We hereby request approval of an unorthodox location for the subject well. Copies of the well location plat, topographic map, a map showing offsetting operators and a production map are attached for your reference.

The unorthodox location is necessary due to topographic conditions (steep sandstone bluffs with narrow dendritic drainage) and the existence of a Ciniza Oil pipeline.

A copy of this application is being submitted to all offsetting operators by certified mail with a request that they furnish your office with a waiver of objection.

We request your approval of this location under the provisions of NMOCD Rule 104-F.

Sincerely,

Sherman E. Dugan
