Re: Application of TXO Production  
Corp. for an Unorthodox Gas Well  
Location, Eddy County, New Mexico

Dear Mr. Stamets:

As an offset operator, Bass Enterprises Production Co. has received notice of the application of TXO Production Corp. for administrative approval of an unorthodox location for a proposed Wolfcamp test to be drilled at a point 990 feet from the North line and 1980 feet from the West line of Section 12, Township 22 South, Range 27 East, NMPM, Eddy County, New Mexico, the W/2 of said Section 12 to be dedicated to the well.

Bass Enterprises Production Co. believes that the above location would have an adverse impact upon its correlative rights and hereby objects to this proposed location. We therefore respectfully request that this matter be set for hearing.

Very truly yours,

Daniel S. Nutter, P.E., and  
Agent, Bass Enterprises Production Co.
