**Re: AFE A44003  
Dewey Bartlett #1 Well  
Township 25 North, Range 2 West  
Section 4: S/2  
Rio Arriba County, New Mexico**

**Gentlemen:**

**Our records indicate that Mountain States Natural Gas Corporation owns a 50% leasehold interest in the SE/4SE/4 of Section 4, Township 25 North, Range 2 West, Rio Arriba County, New Mexico.**

**Jerome P. McHugh is proposing to drill a Gallup/Dakota well to approximately 8,100' pooling all interests in the South one-half of said Section 4. If you elect to participate in the subject well, then you would have a 6.25% net working interest.**

**Enclosed for your review is an AFE for total well costs of the Dewey Bartlett #1 well with your net working interest reflected at the bottom. If you agree to participate in the drilling of this well, please return a copy of this AFE to our office in Denver.**

**In the event you do not wish to participate in the drilling of this well, McHugh requests that Mountain States farm 100% of their right, title and interest to McHugh reserving a proportionate share of a 5% overriding royalty interest. After initial payout of the subject well, we propose that Mountain States have the option to convert its overriding royalty interest to a proportionate share of a 15% working interest. It is the intent and understanding of the parties hereto that Mountain States would be farming an 82.5% net revenue interest before payout and an 87.5% net revenue interest after payout.**
