HAND DELIVERED

RE: Applications of Meridian Oil, Inc. for
Compulsory Pooling (13 applications)

Case 99-38

Dear Mr. LeMay:

Enclosed are thirteen (13) applications for compulsory poolings filed on behalf of Meridian Oil, Inc. We request that these matters be set for examiner hearing on November 22, 1988.

As a matter of explanation, these applications were referred to Campbell and Black by Kellahin, Kellahin and Aubrey because of a conflict of interest perceived by one of Mr. Kellahin's clients. Our firm received these applications late in the day today and we have not had time to confirm with our own clients that Campbell and Black's representation of Meridian presents no conflict of interest.

In order to assure that these cases will be filed in time for them to be heard on November 22, Campbell and Black will today proceed to enter its conditional appearance for Meridian. However, in the event that a conflict of interest arises because of our representation of Meridian and our other clients, Campbell and Black must reserve its rights to withdraw its appearance on behalf of Meridian.

Very truly yours,

J. Scott Hall

OIL CONSERVATION DIVISION CASE: 9538

A P P L I C A T I O N

COMES NOW, MERIDIAN OIL, INC., by and through its attorneys, Campbell & Black, P.A., and in accordance with Section 70-2-17(c) NMSA (1978) applies to the New Mexico Oil Conservation Division for an order pooling all mineral interest in the Basin Fruitland Coal Gas Pool underlying the N/2 of Section 9, T30N, R8W, San Juan County, New Mexico. The above described unit is to be dedicated to its Woodriver Com #300 Well to be drilled to a depth of approximately 3100 feet at standard well location in said Section 9, and in support thereof would show:

1. Applicant is a working interest owner in the N/2 of Section 9, T30N R8W.
2. Applicant desires to drill a well at a standard location in the NE/NW of the Section 9.

3. Applicant, has sought a voluntary agreement with all those parties shown on Exhibit "A" for the formation of appropriate spacing and proration unit as shown on Exhibit B for the drilling of the subject well but has been unable to obtain a voluntary agreement.

4. Pursuant to the Division notice requirements, applicant has notified all those parties shown on Exhibit "A" of this application for compulsory pooling and the applicant's request for a hearing before the Division to be set on November 22, 1988.

5. In order to obtain its just and equitable share of the potential production underlying the above tract, applicant needs an order pooling the mineral interests involved in order to protect applicant's correlative rights and prevent waste.

WHEREFORE, applicant prays that this application be set for hearing before the Division's duly appointed examiner, and that after notice and hearing as required by law, the Division enter its order pooling the mineral interest described herein. Applicant further prays that it be named operator of the well, and that the order make provisions for applicant to recover out of production its costs of drilling, completing and equipping the subject well, costs of operation, including costs of supervision, and a risk factor in the amount of 200% for the drilling and completing of the well, for such other and further relief as may be proper.

Respectfully submitted,

By _____
