This letter is to advise you that Amoco Production Company's application to permit surface commingling of the production from the subject leases has been set for hearing before the New Mexico Oil Conservation Division as Case No. 10310.

The Brantley Gas Com Well No. 1 produces from the North Loving Morrow Gas Pool and the other named properties produce from the East Loving Delaware Pool

This application has been set for a hearing before a Division examiner on June 13, 1991, in Santa Fe, New Mexico.
