STATEMENT OF CASE

APPLICANT

(Please make a concise statement of what is being sought with this application and the reasons therefore.)

Meridian Oil Inc. seeks an order pooling all mineral interests from 50 feet below the base of the Queen formation to 50 feet below the base of the Delaware formation underlying the SW/4SE/4 (Unit O) of Section 12, T18S, R31E, to form a standard 40-acre oil spacing and proration unit for any and all formations and/or pools developed on 40-acre spacing within said vertical extent, which presently includes but is not necessarily limited to the Undesignated East Shugart-Delaware Pool. Said unit is to be dedicated to a well to be drilled at a standard oil well location thereon.

Meridian has sought the voluntary agreement of the owners of the non-consenting working interests for the formation of appropriate spacing and proration units, and has been unable to obtain voluntary agreement.
