STATEMENT OF CASE

APPLICANT

Applicant seeks an order pooling all mineral interests from the surface to the base of the Morrow formation underlying the N½ Section 14-17 South-26 East, for all pools or formations spaced on 40, 160, and 320 acres. The subject well is at a previously approved unorthodox location. Compulsory pooling is necessary because there are parties who have not committed their interests to the well, or who are not locatable.
