Gentlemen:

Re: Applications for Approval
of the Fourth and Fifth
and Sixth Expansions to the
Mesaverde Formation
Rosa Unit
San Juan and Rio Arriba Counties
New Mexico

Pacific Northwest Pipeline Corporation, as Operator of the Rosa Unit, has received notification of the approvals of the Fourth, Fifth and Sixth Applications for Expansion of the Mesaverde Formation in the Rosa Unit effective July 1, 1957, August 1, 1957 and November 1, 1957, respectively.

The Fourth and Fifth Expansions were approved on the following dates by the three regulatory agencies:

United States Geological Survey	May 29, 1958
Commissioner of Public Lands	
State of New Mexico	September 3, 1957
Oil Conservation Commission	
State of New Mexico	November 21, 1957

The Sixth Expansion:

United States Geological Survey	May 29, 1958
Commissioner of Public Lands	
State of New Mexico	November 22, 1957
Oil Conservation Commission	
State of New Mexico	November 21, 1957.

Very truly yours,

PACIFIC NORTHWEST PIPELINE CORPORATION

Gentlemen:

Re: Rosa Unit Well # -22
Section 22, T 31 N, R 4 W
Rio Arriba County, New Mexico

Pacific Northwest Pipeline Corporation, as operator of the Rosa Unit, has authorized Pan American Petroleum Corporation to drill the well scheduled on the 1958 Plan of Development as a Pictured Cliffs test in Section 24, Township 31 North, Range 4 West, N.M.P.M.

The Plan of Development shows this well to be drilled in the Southwest quarter section. Pan American, for geological reasons, now requests that the scheduled location be changed to the Southeast quarter of the same section. Pacific, as operator of the unit, concurs in this change of location and requests that this letter be accepted as an amendment to the Rosa Unit 1958 Plan of Development relocating the Pictured Cliffs test from the SW/4 to the SE/4 of Section 22, Township 31 North, Range 4 West.

Very truly yours,

PACIFIC NORTHWEST PIPELINE CORPORATION

Gentlemen:

Re: Application for Approval of
Fourth, Fifth and the Sixth
Expansions of the Mesaverde
Participating Area for the
Rosa Unit
San Juan and Rio Arriba Counties
New Mexico

Enclosed herewith are five copies each of Applications for Approval of the Fourth, Fifth and the Sixth Expansions of the Mesaverde Participating Area for the subject Unit. These Applications were originally submitted to your office during December of 1957. They were returned to us for revision to acreage attributable to Unit Tract No. 36 appearing on the Fifth and Sixth Applications. This revision has been made and approval of this revision has been obtained from the two State Agencies as evidenced by Xerox copies of their letters attached to each Application.

We regret that it has taken so long to make the revision desired by your office but the cause of the delay was beyond our control.

If these Applications as now submitted meet with your approval and that of the Department of the Interior, please so indicate on one copy of each Application for return to us.

Very truly yours,

PACIFIC NORTHWEST PIPELINE CORPORATION

New Mexico

Gentlemen:

This is to advise that the New Mexico Oil Conservation Commission has this date approved the Revised Exhibit "B" for the Fourth, Fifth and Sixth Expansions of the Mesaverde Participating Area of the Rosa Unit, San Juan and Rio Arriba Counties, New Mexico, subject to like approval by the United States Geological Survey and by the Commissioner of Public Lands of the State of New Mexico.

One initialed copy of each Exhibit is returned herewith.

Very truly yours,

Mr. Murray E. Morgan
Commissioner of Public Lands
State of New Mexico
Santa Fe, New Mexico

Gentlemen:

Re: Applications for Approval of the
Fourth, Fifth and Sixth Expansions
of the Mesaverde Participating Area
Rosa Unit, San Juan and Rio Arriba
Counties, New Mexico

By letter dated August 21, 1957, we submitted for your approval Application for the Fourth and Fifth Expansions of the Mesaverde Participating Area of the Rosa Unit. This application was subsequently approved by the Commissioner of Public Lands on September 3, 1957, by the Oil Conservation Commission on November 21, 1957.

On November 13, 1957, we submitted Application for Approval of the Sixth Expansion of the Mesaverde Participating Area for the subject Unit. This expansion was approved by the Commissioner on November 22, 1957, by the Oil Conservation Commission on November 21, 1957.

These three applications with their attached Exhibits "B" were then forwarded to the Supervisor of the United States Geological Survey Office in Roswell for submittal to the Director of the Geological Survey Office for approval. The Supervisor in checking acreage dedicated to the drilling blocks being expanded, has informed us that there should have been dedicated a full 320.00 acres to the W/2 of Section 15, Township 31 North, Range 6 West, rather than the 319.59 acres submitted by us for this drilling block on our Fifth and Sixth applications for expansion. For this reason we have revised the Exhibits "B" attached to the Fourth and fifth and the sixth applications for expansion and have attached them to the copies of the original applications which were approved by you. We are also enclosing extra copies of these revised Exhibits "B" for your file copies. If you will initial the copy of the Fourth and Fifth and the copy of the Sixth Expansions enclosed herewith, indicating your

Mr. Murray E. Morgan
January 29, 1958
Page 2

acceptance of this revision, and then return them to us we will resubmit them to the United States Geological Survey Office for approval.

If you are in accord with this procedure, we respectfully request that after approval by you, these applications be forwarded to the Oil Conservation Commission for like acceptance and approval so that they may be returned to us with as little delay as possible.

Very truly yours,

PACIFIC NORTHWEST PIPELINE CORPORATION

Gentlemen:

Re: Rosa Unit-Federal Unit No. I-Sec. No. 587
San Juan and Rio Arriba Counties,
New Mexico
Disposition of 1957 Plan of Development
Wells

Pacific Northwest Pipeline Corporation, as Unit Operator of the Rosa Unit, filed a Plan of Development for the calendar year 1957 on December 27, 1956. This Plan proposed the drilling of six (6) Mesaverde wells in the Rosa Unit. This Plan of Development was approved by the United States Geological Survey on February 4, 1957, the Commissioner of Public lands on January 8, 1957, and the Oil Conservation Commission on February 28, 1957. On June 13, 1957, Pacific supplemented the 1957 Plan of Development with the addition of three (3) wells and this Supplemental Plan was approved by the United States Geological Survey on June 25, 1957, the Commissioner of Public Lands on June 17, 1957, and the Oil Conservation Commission on August 27, 1957.

By letter dated November 27, 1957, Pacific requested that the well scheduled for the NE/4 of Section 32, Township 32 North, Range 6 West be deleted from the 1957 Plan for reason of inaccessability of the drill site due to inclement weather conditions.

Eight (8) of the nine (9) wells scheduled on the revised 1957 Plan of Development were completed as follows:

<u>Well Name</u>	<u>Location</u>	<u>Date Completed</u>	<u>I. P.</u>
# 19-24	SW/4 Section 24, T 31 N, R 6 W	6-27-57	3,313 MCF CAOF
# 20-14	NE/4 Section 14, T 31 N, R 6 W	6-12-57	3,835 MCF CAOF
# 21-23	SW/4 Section 23, T 31 N, R 6 W	5-2-57	3,585 MCF CAOF

Rosa Unit
January 15, 1958
Page 2

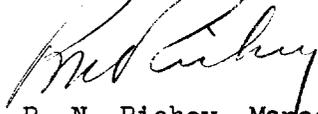

<u>Well Name</u>	<u>Location</u>	<u>Date Completed</u>	<u>I. P.</u>
# 22-18	NE/4 Section 18, T 31 N, R 5 W	6-12-57	3,928 MCF CAOF
# 23-29	SW/4 Section 29, T 31 N, R 5 W	5-2-57	2,295 MCF CAOF
# 24-32	SW/4 Section 32, T 31 N, R 5 W	2-8-57	2,633 MCF CAOF
# 26-32	NE/4 Section 32, T 31 N, R 5 W	10-15-57	3,074 MCF CAOF
# 25-15	SW/4 Section 15, T 31 N, R 6 W	7-8-57	2,619 MCF CAOF

Upon completion of the 1957 Plan of Development with its indicated results, Pacific as Unit Operator, in concurrence with the other Working Interest Owners in the Unit, prepared and submitted the 1958 Plan of Development for approval by letter dated December 4, 1957. It is requested that this letter concerning the disposition of the 1957 Plan of Development be made a part of the December 4, 1957 submittal of the 1958 Plan of Development.

Copies of this letter are being sent to all Working Interest Owners in the Rosa Unit.

San Juan and Rio Arriba Counties, N. M.
PLAN OF DEVELOPMENT FOR CALENDAR YEAR 1958

Oil Conservation Commission
State of New Mexico
Post Office Box 871
Santa Fe, New Mexico

Gentlemen:

Pursuant to Section 9 of the Rosa Unit Agreement, Pacific Northwest Pipeline Corporation, as Unit Operator, is submitting this Plan of Development providing for the drilling of the following wells during the period from January 1, 1958, to December 31, 1958:

MESAVERDE LOCATIONS

- W/2 Sec. 17, T 31 N, R 5 W
- W/2 Sec. 12, T 31 N, R 6 W
- E/2 Sec. 21, T 31 N, R 6 W
- E/2 Sec. 32, T 32 N, R 6 W

PICTURED CLIFFS LOCATION

SW/4 Sec. 22, T 31 N, R 4 W

The Mesaverde wells will be drilled with mud to intermediate casing point below the Pictured Cliffs and with gas to total depth. A liner will be cemented from within the intermediate casing to bottom. The Mesaverde pay sands will be selectively perforated and given high velocity hydro-frac treatment.

The Mesaverde well in Section 32, Township 32 North, Range 6 West, and the Pictured Cliffs test will be drilled as exploratory wells by the working interest owners pursuant to Section 12 of the Unit Agreement.

In addition to the above wells, Pacific Northwest Pipeline Corporation, as Unit Operator, plans to drill any offset wells required to prevent drainage of unitized substances and any other wells deemed necessary or desirable by the Unit Operator and the working interest owners. Among such other wells will be one, or possibly two wells, in Section 16, Township 31 North, Range 6 West, in the event questions of title are satisfactorily settled during the year.

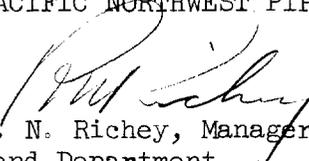

Page 2
Rosa Unit - Plan of Development for 1958
December 4, 1957

If this drilling program is acceptable, please signify your approval, as required by Section 9 of the Unit Agreement, in the space provided below and return an approved copy to Pacific Northwest Pipeline Corporation.

Copies of this drilling program have been furnished to the Working Interest Owners within the Unit as shown on the attached sheet.

Very truly yours,

PACIFIC NORTHWEST PIPELINE CORPORATION

Re: Rosa Unit
Rio Arriba and San Juan Counties
New Mexico.
PLAN OF DEVELOPMENT
CALENDAR YEAR 1958

TO ALL WORKING INTEREST OWNERS,
ROSA UNIT:

Submitted herewith for your approval is a copy of the 1958 Plan of Development that we, as Unit Operator, recommend for filing with the Regional Supervisor of the United States Geological Survey, The Commissioner of Public Lands of the State of New Mexico, and the Oil Conservation Commission of the State of New Mexico.

This plan sets out the development to be undertaken in the above-captioned unit during the calendar year 1958. It is contemplated that the Pictured Cliffs Well in Section 22, T 31 N, R 4 W, and the Mesaverde Well in Section 32, T 32 N, R 6 W, will be drilled by and at the expense of the Working Interest Owners within the lands dedicated to each well while the remaining Mesaverde wells will be drilled by Pacific Northwest Pipeline Corporation as Unit Operator for and at the expense of the Participating Area. Your approval will constitute any Consents necessary under the Unit Operating Agreement and will be a commitment on your part to bear any costs allocable to your interest.

Prior to filing this plan, we must have the approval of a majority of the Working Interest Owners within the unit in accordance with Section 5 of the Unit Operating Agreement. We are very anxious to file this plan by December 20, 1957 and, therefore, will appreciate an immediate response by your returning a copy of this letter with the approved form completed.

Very truly yours,

PACIFIC NORTHWEST PIPELINE CORPORATION

Gentlemen:

Reference is made to our letter dated June 13, 1957, in which we requested that three additional wells be supplemented on the 1957 Plan of Development for the Rosa Unit.

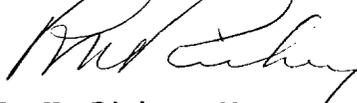

Well No. 1 on this revised list located in the NE/4 Section 32, Township 31 North, Range 5 West, and Well No. 3 located in the SW/4 Section 15, Township 31 North, Range 6 West, have been completed as planned. Well No. 2, NE/4 Section 32, Township 32 North, Range 6 West, was one of the wells requested by El Paso Natural Gas Company and was to be drilled by El Paso.

By letter dated November 19, 1957, from El Paso, we are requested that, due to the inaccessability of this location and the severe winter weather conditions presently prevailing in the area, El Paso be permitted to defer the drilling of this well until the Spring of 1958.

In the absence of any objection by regulatory authorities to the deferment of this well, Pacific, as Unit Operator approves El Paso's request for deferment, and will include on its 1958 Plan of Development for the Rosa Unit the subject deferred well to be located in the NE/4 Section 32, Township 32 North, Range 6 West.

Very truly yours,

Re: Application for Approval of Fourth
and Fifth Expansions of the Mesa-
verde Participating Area for the
Rosa Unit.
San Juan and Rio Arriba Counties
New Mexico

Gentlemen:

Pursuant to the provisions of Section 10 of the Rosa Unit Agreement, approved by the Director of the United States Geological Survey, the Commissioner of Public Lands of the State of New Mexico, and the Oil Conservation Commissioner of the State of New Mexico, affecting lands in the Rosa Unit Area in San Juan and Rio Arriba Counties, New Mexico, Pacific Northwest Pipeline Corporation, as Unit Operator, hereby submits for your approval a selection of lands to constitute the Fourth and Fifth Expansions of the Participating Area for the Mesaverde zone.

The lands to be included in the Fourth Expansion of the Mesaverde Participating Area for the Rosa Unit were proved to be productive by the completion on June 12, 1957, of Rosa Unit Well # 22-18 located in the NE/4 of Section 18, Township 31 North, Range 5 West. This well was completed in the Mesaverde zone from 5530' to 5848' for an initial potential of 3016 MCFGPD through 3/4" choke on tubing. Shut-in tubing pressure was 1158#, and shut-in casing pressure 1257#. By the completion of Well # 22-18 in commercial quantities, the Unit Operator has determined that the following described lands are reasonably proved productive and should be included in the Fourth Expansion of the Mesaverde Participating Area, effective as of July 1, 1957:

<u>Township 31 North, Range 5 West</u>	Acres
Section 18: All	<u>463.72</u>
Total Acres	463.72

The lands to be included in the Fifth Expansion of the Mesaverde Participating Area for the Rosa Unit were proved to be productive by the completion on July 2, 1957, of Rosa Unit Well # 25-15, located in the SW/4 of Section 15, Township 31 North, Range 6 West. This well was completed in the Mesaverde zone from 5234' to 5560' for an initial potential of 2583 MCFGPD through 3/4" choke on tubing. Shut-in tubing pressure was 1200#, and shut-in casing pressure 1212#. By the completion of Well #25-15 in commercial quantities, the Unit Operator has determined that the following described lands are reasonably proved

Page 2
 United States Geological Survey
 Commissioner of Public Lands
 Oil Conservation Commission
 August 21, 1957

productive and should be included in the Fifth Expansion of the Mesaverde Participating Area, effective as of August 1, 1957:

<u>Township 31 North, Range 6 West</u>	<u>Acres</u>
Section 15: W/2	319.59
Total Acres	319.59

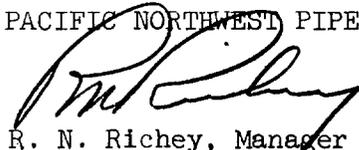

In support of the applicant's recommendations for the Fourth and Fifth Expansions to the Mesaverde Participating Area for the Rosa Unit, the applicant attaches hereto and makes a part hereof the following items:

- (1) A map of the Rosa Unit indicating the present Participating Area and the proposed Fourth and Fifth Expansions of the Participating Area for the Mesaverde zone.
- (2) Schedules marked Exhibit "B" showing the leases included in the proposed participating areas and setting forth a percentage of unitized substances to be allocated to each unitized tract within the proposed participating area.
- (3) A brief geological and engineering report marked Exhibit "C" discussing the general area of the proposed Fourth and Fifth Expansions in the participating area for the Mesaverde zone.

Pacific Northwest Pipeline Corporation, as Unit Operator of the Rosa Unit, respectfully requests that the Director, the Commissioner and the Oil Conservation Commission approve the selection of lands to constitute the Fourth and Fifth Expansions of the Mesaverde Participating Area for the Rosa Unit to be effective as of July 1, 1957 and August 1, 1957, respectively.

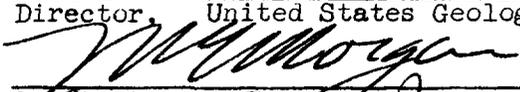

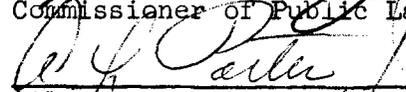

Very truly yours,

PACIFIC NORTHWEST PIPELINE CORPORATION

4th and 5th EXPANSIONS OF MESAVERDE PARTICIPATING AREA, ROSA UNIT, SAN JUAN AND RIO ARRIBA COUNTIES, NEW MEXICO.

Since the last expansion of the Mesaverde participating area in the Rosa Unit, two additional wells have been completed. The #22-18 well, NE/4, Sec. 18, T-31N, R-5W, was completed in the Mesaverde formation for an initial potential of 3928 MCF/D and the #25-15 well, SW/4, Sec. 15, T-31N, R-6W, was completed in the Mesaverde formation for an initial potential of 2619 MCF/D.

An examination and comparison of the radioactivity logs of the two subject wells with the logs of the other wells in the Rosa Unit, shows that the wells are completed in the same reservoir (Mesaverde). The #22-18 and #25-15 wells are also on the same geologic structure, a northeast-dipping monocline, as the rest of the wells in the Unit.

In view of the above mentioned considerations, the W/2 of Sec. 15, T-31N, R-6W, Rio Arriba and San Juan Counties, New Mexico, and all of partial Sec. 18, T-31N, R-5W, Rio Arriba County, New Mexico, are geologically recommended for inclusion in the Mesaverde participating area of the Rosa Unit.

Re: Application for Approval of Sixth
Expansion of the Mesaverde Participating
Area for the Rosa Unit.
San Juan and Rio Arriba Counties
New Mexico

Oil Conservation Commission
State of New Mexico
Post Office Box 871
Santa Fe, New Mexico

Gentlemen:

Pursuant to the provisions of Section 10 of the Rosa Unit Agreement, approved by the Director of the United States Geological Survey, the Commissioner of Public Lands of the State of New Mexico, and the Oil Conservation Commissioner of the State of New Mexico, affecting lands in the Rosa Unit Area in San Juan and Rio Arriba Counties, New Mexico, Pacific Northwest Pipeline Corporation, as Unit Operator, hereby submits for your approval a selection of lands to constitute the Sixth Expansion of the Participating Area for the Mesaverde zone.

The lands to be included in the Sixth Expansion of the Mesaverde Participating Area for the Rosa Unit were proved to be productive by the completion on October 15, 1957, of Rosa Unit Well #26-32 located in the NE/4 of Section 32, Township 31 North, Range 5 West. This well was completed in the Mesaverde zone from 5544' to 5958' for an initial potential of 3074 MCFGPD, CAOF. Shut-in tubing pressure was 1,220#, and shut-in casing pressure 1,220#. By the completion of Well #26-32 in commercial quantities, the Unit Operator has determined that the following described lands are reasonably proved productive and should be included in the Sixth Expansion of the Mesaverde Participating Area, effective as of November 1, 1957:

<u>Township 31 North, Range 5 West</u>	<u>Acres</u>
Section 32: E/2	320.00
Total Acres	320.00

In support of the applicant's recommendations for the Sixth Expansion to the Mesaverde Participating Area for the Rosa Unit, the applicant attaches hereto and makes a part hereof the following items:

Page 2
United States Geological Survey
Commissioner of Public Lands
Oil Conservation Commission
November 13, 1957

- (1) A map of the Rosa Unit indicating the present Participating Area and the proposed Fourth and Fifth Expansions, submitted for approval on the 21st day of August 1957, and the proposed Sixth Expansion of the Participating Area for the Mesaverde zone.
- (2) Schedule marked Exhibit "B" showing the leases included in the proposed participating area and setting forth a percentage of unitized substances to be allocated to each unitized tract within the proposed participating area.
- (3) A brief geological and engineering report marked Exhibit "C" discussing the general area of the proposed Sixth Expansion in the participating area for the Mesaverde zone.

Pacific Northwest Pipeline Corporation, as Unit Operator of the Rosa Unit, respectfully requests that the Director, the Commissioner and the Oil Conservation Commission approve the selection of lands to constitute the Sixth Expansion of the Mesaverde Participating Area for the Rosa Unit to be effective as of November 1, 1957.

Very truly yours,

SIXTH EXPANSION OF MESA VERDE PARTICIPATING AREA, ROSA UNIT, RIO ARRIBA
AND SAN JUAN COUNTIES, NEW MEXICO

Since the last expansion of the Mesa Verde participating area in the Rosa Unit, one additional well has been drilled. The #26-32 Well, NE/4, Sec. 32, T-31N, R-5W, NMPM was completed in the Mesa Verde formation for an initial potential of 307⁴ MCF/D, calculated absolute open flow.

An examination and comparison of the radioactivity log of the #26-32 Well with the logs of the other wells in the Rosa Unit participating area, has shown that the wells are completed in the same reservoir and are located on the same geologic structure.

In view of the above mentioned facts, the E/2 Sec. 32, T-31N, R-5W, Rio Arriba County, New Mexico is geologically recommended for inclusion in the Mesa Verde participating area of the Rosa Unit.

Participating Area
Rose Unit

Attention: Mr. Claude Van Dyke

Gentlemen:

We are today transmitting to the Oil Conservation Commission under carbon copy of this letter, seven copies of the above designated application.

This application was approved by the Commissioner of Public Lands November 22, 1957.

May we have another copy at such time as this application is fully approved.

Very truly yours,

MURRAY E. MORGAN

Re: Application for Approval of the
Sixth Expansion of the Mesaverde
Participating Area for the Rosa Unit.
San Juan and Rio Arriba Counties
New Mexico

Transmitted herewith are eight copies of Application for Approval of the Sixth Expansion of the Mesaverde Participating Area for the Rosa Unit for your examination and approval. We will appreciate your executing all eight copies and forward seven of these executed copies to the Oil Conservation Commission for like approval and execution. It is expected that you will retain one copy for your files.

The United States Geological Survey Office requires that they be furnished with five approved copies of this application whereon both the Commissioner of Public Lands and the Oil Conservation Commission have signified their approval of the application for expansion.

By carbon copy of this letter to the Oil Conservation Commission, we herewith request that they execute all the copies forwarded to them by you and return to us six copies of the application so that we can forward them to the United States Geological Survey Office.

We would also like to point out to the Oil Conservation Commission that we have not received from them the four copies of the Fourth and Fifth Application for Expansion to the Rosa Unit which we sent to them on September 27, 1957. It is herewith requested that the Oil Conservation Commission expedite the return of the Fourth and Fifth Applications so

November 18, 1957

that they may be forwarded to the United States Geological Survey Office.

If you have any questions concerning any of these applications for approval, please contact us immediately.

Very truly yours,

Gentlemen:

Pursuant to the provisions of Section 10 of the Rosa Unit Agreement, approved by the Director of the United States Geological Survey, the Commissioner of Public Lands of the State of New Mexico, and the Oil Conservation Commissioner of the State of New Mexico, affecting lands in the Rosa Unit Area in San Juan and Rio Arriba Counties, New Mexico, Pacific Northwest Pipeline Corporation, as Unit Operator, hereby submits for your approval a selection of lands to constitute the Sixth Expansion of the Participating Area for the Mesaverde zone.

The lands to be included in the Sixth Expansion of the Mesaverde Participating Area for the Rosa Unit were proved to be productive by the completion on October 15, 1957, of Rosa Unit Well #26-32 located in the NE/4 of Section 32, Township 31 North, Range 5 West. This well was completed in the Mesaverde zone from 5544' to 5958' for an initial potential of 3074 MCFGPD, CAOF. Shut-in tubing pressure was 1,220#, and shut-in casing pressure 1,220#. By the completion of Well #26-32 in commercial quantities, the Unit Operator has determined that the following described lands are reasonably proved productive and should be included in the Sixth Expansion of the Mesaverde Participating Area, effective as of November 1, 1957:

<u>Township 31 North, Range 5 West</u>	<u>Acres</u>
Section 32: E/2	320.00
Total Acres	320.00

In support of the applicant's recommendations for the Sixth Expansion to the Mesaverde Participating Area for the Rosa Unit, the applicant attaches hereto and makes a part hereof the following items:

Page 2
United States Geological Survey
Commissioner of Public Lands

November 13, 1957

- (1) A map of the Rosa Unit indicating the present Participating Area and the proposed Fourth and Fifth Expansions, submitted for approval on the 21st day of August 1957, and the proposed Sixth Expansion of the Participating Area for the Mesaverde zone.
- (2) Schedule marked Exhibit "B" showing the leases included in the proposed participating area and setting forth a percentage of unitized substances to be allocated to each unitized tract within the proposed participating area.
- (3) A brief geological and engineering report marked Exhibit "C" discussing the general area of the proposed Sixth Expansion in the participating area for the Mesaverde zone.

Pacific Northwest Pipeline Corporation, as Unit Operator of the Rosa Unit, respectfully requests that the Director, the Commissioner and the Oil Conservation Commission approve the selection of lands to constitute the Sixth Expansion of the Mesaverde Participating Area for the Rosa Unit to be effective as of November 1, 1957.

Very truly yours,

PACIFIC NORTHWEST PIPELINE CORPORATION

SIXTH EXPANSION OF MESA VERDE PARTICIPATING AREA, ROSA UNIT, RIO ARRIBA
AND SAN JUAN COUNTIES, NEW MEXICO

Since the last expansion of the Mesa Verde participating area in the Rosa Unit, one additional well has been drilled. The #26-32 Well, NE/4, Sec. 32, T-31N, R-5W, NMPM was completed in the Mesa Verde formation for an initial potential of 307⁴ MCF/D, calculated absolute open flow.

An examination and comparison of the radioactivity log of the #26-32 Well with the logs of the other wells in the Rosa Unit participating area, has shown that the wells are completed in the same reservoir and are located on the same geologic structure.

In view of the above mentioned facts, the E/2 Sec. 32, T-31N, R-5W, Rio Arriba County, New Mexico is geologically recommended for inclusion in the Mesa Verde participating area of the Rosa Unit.

Mesa Verde Participating
Area

Attention: Mr. Claude Van Dyke

Gentlemen:

In regard to your request of September 27, 1957,
in which you requested that both the Commissioner of
Public Lands and the Director of the Oil Conservation
Commission approve the above designated application.

Under copy of this letter and copy of your letter
we are transmitting four approved copies to the Oil
Conservation Commission and requesting that they return
two approved copies to your office.

Very truly yours,

MURRAY E. MORGAN
Commissioner of Public Lands

Gentlemen:

Re: Approval of Third Expansion
Mesaverde Participating Area
Rosa Unit, San Juan and Rio
Arriba Counties, New Mexico

Approvals of the Third Application for the Expansion of the Mesaverde Participating Area for the Rosa Unit from the three agencies have now been received and were executed on the following dates:

Director United States Geological Survey:	September 17, 1957
Commissioner of Public Lands State of New Mexico:	May 1, 1957
New Mexico Oil Conservation Commission:	June 20, 1957

The Third Expansion becomes effective as of March 1, 1957. Copies of this letter are being sent to all Working Interest Owners in the Rosa Unit.

Very truly yours,

Attention: Mr. Ted Bilberry

Gentlemen:

Re: Application for Approval of Fourth
and Fifth Expansions of the Mesa-
verde Participating Area for the
Rosa Unit.
San Juan and Rio Arriba Counties,
New Mexico

On August 21, 1957 we forwarded to you copies of the above referenced Expansions for approval. We received from you on September 3, 1957, one copy signed by Mr. Morgan approving the subject Expansions as of September 3, 1957.

We have also received an approved copy of these Expansions from the Oil Conservation Commission approving as of August 27, 1957. The copies of these Expansions which were forwarded to the Director of the United States Geological Survey have been returned to us unapproved due to several minor clerical inconsistencies which we are now endeavoring to correct. One of the corrections wanted by the U.S.G.S. was that they be furnished with five copies of the Application showing the approval of both the Commissioner of Public Lands and the Oil Conservation Commission of New Mexico. They require that one copy contain the original execution of the approval by the two State Agencies and mention that the other four copies may contain reproduced signatures.

We are enclosing herewith four copies of the Fourth and Fifth Applications with the request that you execute two copies and then seek similar execution of the same copies by the Commission and return them to this office. We have provided copies for each of your files.

Your cooperation in this matter will be appreciated.

Very truly yours,

PACIFIC NORTHWEST PIPELINE CORPORATION

Re: Rosa Unit
Consent executed by Manuelita Lopez
Tract # 39
San Juan and Rio Arriba Counties
New Mexico

Gentlemen:

We are enclosing for your files copies of the following Consent:

Consent to the Rosa Unit, San Juan and Rio Arriba Counties, New Mexico, executed by Manuelita Lopez. This instrument was recorded in the County Records of San Juan County on August 15, 1957 in Book 341, Page 71 and was also recorded in the County Records of Rio Arriba County on August 29, 1957 in Volume 31, Page 311.

With this Consent, Manuelita Lopez's interest in Tract #39 appearing in Exhibit "B" of Unit Agreement is committed to the Rosa Unit.

Copies of this letter are being sent to all Working Interest Owners within the Rosa Unit.

Very truly yours,

PACIFIC NORTHWEST PIPELINE CORPORATION

CONSENT

In consideration of the execution of the Unit Agreement for the development and operation of the San Juan Rosa Unit Area, San Juan & Rio Arriba County, New Mexico, by Pacific Northwest Pipeline Corporation in form approved by the Secretary of the Interior and the Commissioner of Public Lands of the State of New Mexico, the undersigned owners of lands or interest in lands or royalties or other interests in production of oil, gas and other hydrocarbon substances which may be produced from the land affected by said Unit Agreement hereby severally, each to the extent of his or her particular ownership or interest, consent to the inclusion of said lands within the Unit Area therein defined, ratify, approve and adopt the terms of said Unit Agreement as being applicable to said several lands and interests, agree that the term of any lease or other agreement given by the undersigned in which the undersigned claims an interest is extended or modified to the extent necessary to make the same conform to the terms of said Unit Agreement, agree that the drilling and development requirements of all leases and other instruments in which their several rights and interests are created or defined shall be deemed fully performed by the performance of the provisions of said Unit Agreement, and agree that payment for unitized substances upon the basis of production allocated under said Unit Agreement to the particular lands to which their rights or interest apply, regardless of actual production therefrom, shall constitute full performance of any and all such obligations to the undersigned existing under such leases or other contracts. For the same consideration each of the undersigned warrants and agrees that the schedule attached as Exhibit "B" to said Unit Agreement correctly states his interest in the lands within the unit are as of the date of his execution of this Consent.

The terms and provisions hereof shall extend to and be binding upon the heirs, personal representatives, successors and assigns of the undersigned and each of them.

IN WITNESS WHEREOF, the undersigned have caused this instrument to be effected and have set opposite their respective names the date of execution thereof.

Attention: Mr. R. N. Richey

Gentlemen:

We are enclosing one copy of your Application for Approval of the Fourth and Fifth Expansion of the Mesaverde Participating Area. This was approved by the Commissioner of Public Lands September 3, 1957.

We note you have completed, with the exception of two wells, both on State land, your drilling program for 1957.

Very truly yours,

MURRAY E. MORGAN
Commissioner of Public Lands

Re: Rosa Unit
Consent executed by J. S.
Covert and S. P. Johnson, Jr.
San Juan and Rio Arriba Counties
New Mexico

We are enclosing for your files, copies of the following Consent:

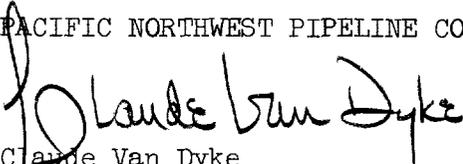

Consent to the Rosa Unit, San Juan and Rio Arriba Counties, New Mexico executed by J. S. Covert and wife, and S. P. Johnson, Jr. and wife. This instrument was recorded in the County Records of San Juan County on August 7, 1957, in Book 338 at Page 191 and was also recorded in the County Records of Rio Arriba County on August 22, 1957 in Volume 31 at Page 230.

With this Consent, the Coverts' and Johnsons' interest in Tract No. 36 appearing in Exhibit "B" of Unit Agreement is committed to the Rosa Unit.

Copies of this letter are being sent to all Working Interest Owners within the Rosa Unit.

Very truly yours,

PACIFIC NORTHWEST PIPELINE CORPORATION

CONSENT, RATIFICATION AND JOINDER OF UNIT AGREEMENT

In consideration of the execution of an agreement of even date herewith between the undersigned and Pacific Northwest Pipeline Corporation, providing, among other things, for the drilling of a well on the West $\frac{1}{2}$ of Section 15, Township 31 North, Range 6 West, N.M.P.M., and in consideration of the development and operation of the lands covered by and included within the Unit Agreement for the Development and Operation of the Rosa Unit Area, Counties of San Juan and Rio Arriba, State of New Mexico, dated as of January 6, 1948, in form approved by the Secretary of the Interior and the Commissioner of Public Lands of the State of New Mexico, the undersigned owners of lands or interest in lands or royalties or other interests in production of oil, gas and other hydrocarbon substances which may be produced from the land affected by said Unit Agreement hereby severally, each to the extent of his or her particular ownership or interest, consent to the inclusion of said lands within the Unit Area therein defined, ratify, approve and adopt the terms of said Unit Agreement as being applicable to said several lands and interests, agree that the term of any lease or other agreement given by the undersigned in which the undersigned claims an interest is extended or modified to the extent necessary to make the same conform to the terms of said Unit Agreement, agree that the drilling and development requirements of all leases and other instruments in which their several rights and interests are created or defined shall be deemed fully performed by the performance of the provisions of said Unit Agreement, and agree that payment for unitized substances upon the basis of production allocated under said Unit Agreement to the particular lands to which their rights or interest apply, regardless of actual production therefrom, shall constitute full performance of any and all such obligations to the undersigned existing under such leases or other contracts. For the same consideration each of the undersigned warrants and agrees that the schedule attached as Exhibit "B" to said Unit Agreement correctly states his interest in the lands within the unit are as of the date of his execution of this Consent.

The terms and provisions hereof shall extend to and be binding upon the heirs, personal representatives, successors and assigns of the undersigned and each of them.

IN WITNESS WHEREOF, the undersigned have caused this instrument to be effected and have set opposite their respective names the date of execution thereof.

Re: Application for Approval of Fourth
and Fifth Expansions of the Mesa-
verde Participating Area for the
Rosa Unit.
San Juan and Rio Arriba Counties,
New Mexico

Gentlemen:

Pursuant to the provisions of Section 10 of the Rosa Unit Agreement, approved by the Director of the United States Geological Survey, the Commissioner of Public Lands of the State of New Mexico, and the Oil Conservation Commissioner of the State of New Mexico, affecting lands in the Rosa Unit Area in San Juan and Rio Arriba Counties, New Mexico, Pacific Northwest Pipeline Corporation, as Unit Operator, hereby submits for your approval a selection of lands to constitute the Fourth and Fifth Expansions of the Participating Area for the Mesaverde zone.

The lands to be included in the Fourth Expansion of the Mesaverde Participating Area for the Rosa Unit were proved to be productive by the completion on June 12, 1957, of Rosa Unit Well # 22-18 located in the NE/4 of Section 18, Township 31 North, Range 5 West. This well was completed in the Mesaverde zone from 5530' to 5848' for an initial potential of 3016 MCFGPD through 3/4" choke on tubing. Shut-in tubing pressure was 1158#, and shut-in casing pressure 1257#. By the completion of Well # 22-18 in commercial quantities, the Unit Operator has determined that the following described lands are reasonably proved productive and should be included in the Fourth Expansion of the Mesaverde Participating Area, effective as of July 1, 1957:

<u>Township 31 North, Range 5 West</u>	<u>Acres</u>
Section 18: All	<u>463.72</u>
Total Acres	463.72

The lands to be included in the Fifth Expansion of the Mesaverde Participating Area for the Rosa Unit were proved to be productive by the completion on July 2, 1957, of Rosa Unit Well # 25-15, located in the SW/4 of Section 15, Township 31 North, Range 6 West. This well was completed in the Mesaverde zone from 5234' to 5560' for an initial potential of 2583 MCFGPD through 3/4" choke on tubing. Shut-in tubing pressure was 1200#, and shut-in casing pressure 1212#. By the completion of Well #25-15 in commercial quantities, the Unit Operator has determined that the following described lands are reasonably proved

Page 2
United States Geological Survey
Commissioner of Public Lands
Oil Conservation Commission

productive and should be included in the Fifth Expansion of the Mesaverde Participating Area, effective as of August 1, 1957:

<u>Township 31 North, Range 6 West</u>	<u>Acres</u>
Section 15: W/2	<u>319.59</u>
Total Acres	319.59

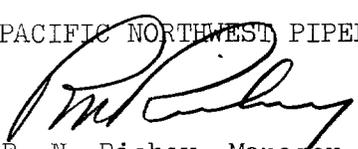

In support of the applicant's recommendations for the Fourth and Fifth Expansions to the Mesaverde Participating Area for the Rosa Unit, the applicant attaches hereto and makes a part hereof the following items:

- (1) A map of the Rosa Unit indicating the present Participating Area and the proposed Fourth and Fifth Expansions of the Participating Area for the Mesaverde zone.
- (2) Schedules marked Exhibit "B" showing the leases included in the proposed participating areas and setting forth a percentage of unitized substances to be allocated to each unitized tract within the proposed participating area.
- (3) A brief geological and engineering report marked Exhibit "C" discussing the general area of the proposed Fourth and Fifth Expansions in the participating area for the Mesaverde zone.

Pacific Northwest Pipeline Corporation, as Unit Operator of the Rosa Unit, respectfully requests that the Director, the Commissioner and the Oil Conservation Commission approve the selection of lands to constitute the Fourth and Fifth Expansions of the Mesaverde Participating Area for the Rosa Unit to be effective as of July 1, 1957 and August 1, 1957, respectively.

Very truly yours,

*The percentage of unit production allocated to the working interest owner of each tract is subject to all outstanding overriding interest of record against the subject lands.

4th and 5th EXPANSIONS OF MESAVERDE PARTICIPATING AREA, ROSA UNIT, SAN JUAN AND RIO ARRIBA COUNTIES, NEW MEXICO.

Since the last expansion of the Mesaverde participating area in the Rosa Unit, two additional wells have been completed. The #22-18 well, NE/4, Sec. 18, T-31N, R-5W, was completed in the Mesaverde formation for an initial potential of 3928 MCF/D and the #25-15 well, SW/4, Sec. 15, T-31N, R-6W, was completed in the Mesaverde formation for an initial potential of 2619 MCF/D.

An examination and comparison of the radioactivity logs of the two subject wells with the logs of the other wells in the Rosa Unit, shows that the wells are completed in the same reservoir (Mesaverde). The #22-18 and #25-15 wells are also on the same geologic structure, a northeast-dipping monocline, as the rest of the wells in the Unit.

In view of the above mentioned considerations, the W/2 of Sec. 15, T-31N, R-6W, Rio Arriba and San Juan Counties, New Mexico, and all of partial Sec. 18, T-31N, R-5W, Rio Arriba County, New Mexico, are geologically recommended for inclusion in the Mesaverde participating area of the Rosa Unit.

Re: Rosa Unit
Supplement to 1957
Plan of Development
Mesaverde Formation

Oil Conservation Commission
State of New Mexico
P. O. Box 871
Santa Fe, New Mexico

Gentlemen:

Pacific Northwest Pipeline Corporation, Operator of the Rosa Unit, has determined that the following three additional Mesaverde Wells should be drilled during 1957, and hereby supplements the presently approved Plan of Development for the Mesaverde formation in the Rosa Unit by adding the following wells:

- (1) NE/4 Section 32, Township 31 North, Range 5 West.
- (2) NE/4 Section 32, Township 32 North, Range 6 West.
- (3) SW/4 Section 15, Township 31 North, Range 6 West.

Pacific Northwest Pipeline Corporation and El Paso Natural Gas Company, the majority Working Interest Owners in the Mesaverde participating area of the subject Unit, have concurred in these additions to the 1957 Plan of Development.

In the absence of specific objection to this supplemental plan, Pacific will proceed with the original and supplemental drilling program during the year 1957.

Copies of this letter are being sent to all Working Interest Owners in the subject Unit.

Approved..... AUG 27 195719.....

Re: Application for Approval of Fourth
and Fifth Expansions of the Mesa-
verde Participating Area for the
Rosa Unit.
San Juan and Rio Arriba Counties
New Mexico

Gentlemen:

Pursuant to the provisions of Section 10 of the Rosa Unit Agreement, approved by the Director of the United States Geological Survey, the Commissioner of Public Lands of the State of New Mexico, and the Oil Conservation Commissioner of the State of New Mexico, affecting lands in the Rosa Unit Area in San Juan and Rio Arriba Counties, New Mexico, Pacific Northwest Pipeline Corporation, as Unit Operator, hereby submits for your approval a selection of lands to constitute the Fourth and Fifth Expansions of the Participating Area for the Mesaverde zone.

The lands to be included in the Fourth Expansion of the Mesaverde Participating Area for the Rosa Unit were proved to be productive by the completion on June 12, 1957, of Rosa Unit Well # 22-18 located in the NE/4 of Section 18, Township 31 North, Range 5 West. This well was completed in the Mesaverde zone from 5530' to 5848' for an initial potential of 3016 MCFGPD through 3/4" choke on tubing. Shut-in tubing pressure was 1158#, and shut-in casing pressure 1257#. By the completion of Well # 22-18 in commercial quantities, the Unit Operator has determined that the following described lands are reasonably proved productive and should be included in the Fourth Expansion of the Mesaverde Participating Area, effective as of July 1, 1957:

<u>Township 31 North, Range 5 West</u>	Acres
Section 18: All	463.72
Total Acres	463.72

The lands to be included in the Fifth Expansion of the Mesaverde Participating Area for the Rosa Unit were proved to be productive by the completion on July 2, 1957, of Rosa Unit Well # 25-15, located in the SW/4 of Section 15, Township 31 North, Range 6 West. This well was completed in the Mesaverde zone from 5234' to 5560' for an initial potential of 2583 MCFGPD through 3/4" choke on tubing. Shut-in tubing pressure was 1200#, and shut-in casing pressure 1212#. By the completion of Well #25-15 in commercial quantities, the Unit Operator has determined that the following described lands are reasonably proved

Page 2
 United States Geological Survey
 Commissioner of Public Lands
 Oil Conservation Commission

productive and should be included in the Fifth Expansion of the Mesaverde Participating Area, effective as of August 1, 1957:

<u>Township 31 North, Range 6 West</u>	Acres
Section 15: W/2	<u>320.00</u>
Total Acres	320.00

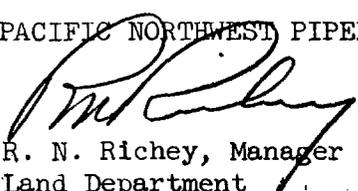

In support of the applicant's recommendations for the Fourth and Fifth Expansions to the Mesaverde Participating Area for the Rosa Unit, the applicant attaches hereto and makes a part hereof the following items:

- (1) A map of the Rosa Unit indicating the present Participating Area and the proposed Fourth and Fifth Expansions of the Participating Area for the Mesaverde zone.
- (2) Schedules marked Exhibit "B" showing the leases included in the proposed participating areas and setting forth a percentage of unitized substances to be allocated to each unitized tract within the proposed participating area.
- (3) A brief geological and engineering report marked Exhibit "C" discussing the general area of the proposed Fourth and Fifth Expansions in the participating area for the Mesaverde zone.

Pacific Northwest Pipeline Corporation, as Unit Operator of the Rosa Unit, respectfully requests that the Director, the Commissioner and the Oil Conservation Commission approve the selection of lands to constitute the Fourth and Fifth Expansions of the Mesaverde Participating Area for the Rosa Unit to be effective as of July 1, 1957 and August 1, 1957, respectively.

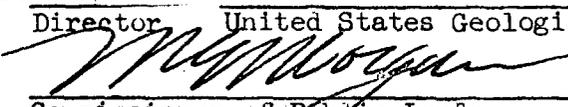

Very truly yours,

PACIFIC NORTHWEST PIPELINE CORPORATION

 R. N. Richey, Manager

4th and 5th EXPANSIONS OF MESAVERDE PARTICIPATING AREA, ROSA UNIT, SAN JUAN AND RIO ARRIBA COUNTIES, NEW MEXICO.

Since the last expansion of the Mesaverde participating area in the Rosa Unit, two additional wells have been completed. The #22-18 well, NE/4, Sec. 18, T-31N, R-5W, was completed in the Mesaverde formation for an initial potential of 3928 MCF/D and the #25-15 well, SW/4, Sec. 15, T-31N, R-6W, was completed in the Mesaverde formation for an initial potential of 2619 MCF/D.

An examination and comparison of the radioactivity logs of the two subject wells with the logs of the other wells in the Rosa Unit, shows that the wells are completed in the same reservoir (Mesaverde). The #22-18 and #25-15 wells are also on the same geologic structure, a northeast-dipping monocline, as the rest of the wells in the Unit.

In view of the above mentioned considerations, the W/2 of Sec. 15, T-31N, R-6W, Rio Arriba and San Juan Counties, New Mexico, and all of partial Sec. 18, T-31N, R-5W, Rio Arriba County, New Mexico, are geologically recommended for inclusion in the Mesaverde participating area of the Rosa Unit.

Re: Rosa Unit
Jose Manuel Lopez
San Juan and Rio Arriba Counties
New Mexico

By previous letter we have forwarded to you copies of a Consent executed by the guardian of the estate of Jose Manuel Lopez. This instrument has now been recorded in the Oil and Gas Records of San Juan and Rio Arriba Counties. The recording data is as follows:

San Juan County - recorded July 24, 1957
in Book 338 at Page 115
Rio Arriba County - recorded July 29, 1957
in Volume 31 Pages 43-44.

Copies of this letter are being sent to all Working Interest Owners.

Very truly yours,

Rosa Mesaverde Well #20-14 is located upon the drilling block described as the E/2 of Section 14, Township 31 North, Range 6 West. This drilling block was included in the initial Mesaverde Participating Area effective December 12, 1955. Rosa Mesaverde Well #19-24 is located upon the drilling block described as the W/2 of Section 24, Township 31 North, Range 6 West. This drilling block was included in the initial Mesaverde Participating Area effective December 12, 1955. Therefore, the Mesaverde Participating Area is not enlarged and the present participation is as shown on Exhibit "B" for the Third Expanded Participating Area for the Mesaverde Formation.

Copies of this letter are being sent to all Working Interest Owners within the Rosa Unit.

Re: Rosa Unit Consent Copy
Jose Manuel Lopez
San Juan and Rio Arriba
Counties, New Mexico

We are enclosing for your files copies of the following Consent:

Consent to Rosa Unit, San Juan and Rio Arriba Counties,
New Mexico, executed by the guardian of the estate of
Jose Manuel Lopez.

Copies of this instrument have been forwarded for recording in the Oil
and Gas Records of Rio Arriba and San Juan Counties, New Mexico. We
will by separate letter furnish you with recording data as soon as it
is available.

With this Consent Mr. Lopez's interest in Unit Tract #38 appearing in
Exhibit "B" of the Rosa Unit Agreement is committed to this Unit.

Copies of this letter are being sent to all working interest owners
within the Rosa Unit.

Very truly yours,

PACIFIC NORTHWEST PIPELINE CORPORATION

MAIN OFFICE OCC

CONSENT

1957 JUL 24 PM 1:19

In consideration of the execution of the Unit Agreement for the development and operation of the San Juan Rosa Unit Area, Rio Arriba County, New Mexico, by Pacific Northwest Pipeline Corporation in form approved by the Secretary of the Interior and the Commissioner of Public Lands of the State of New Mexico, the undersigned owners of lands or interest in lands or royalties or other interests in production of oil, gas and other hydrocarbon substances which may be produced from the land affected by said Unit Agreement hereby severally, each to the extent of his or her particular ownership or interest, consent to the inclusion of said lands within the Unit Area therein defined, ratify, approve and adopt the terms of said Unit Agreement as being applicable to said several lands and interests, agree that the term of any lease or other agreement given by the undersigned in which the undersigned claims an interest is extended or modified to the extent necessary to make the same conform to the terms of said Unit Agreement, agree that the drilling and development requirements of all leases and other instruments in which their several rights and interests are created or defined shall be deemed fully performed by the performance of the provisions of said Unit Agreement, and agree that payment for unitized substances upon the basis of production allocated under said Unit Agreement to the particular lands to which their rights or interest apply, regardless of actual production therefrom, shall constitute full performance of any and all such obligations to the undersigned existing under such leases or other contracts. For the same consideration each of the undersigned warrants and agrees that the schedule attached as Exhibit "B" to said Unit Agreement correctly states his interest in the lands within the unit are as of the date of his execution of this Consent.

The terms and provisions hereof shall extend to and be binding upon the heirs, personal representatives, successors and assigns of the undersigned and each of them.

IN WITNESS WHEREOF, the undersigned have caused this instrument to be effected and have set opposite their respective names the date of execution thereof.

Attention: Mr. A. L. Porter, Jr.,

Gentlemen:

Re: Application for Approval of Third
Expansion Mesaverde Participating
Area, Rosa Unit, San Juan and
Rio Arriba Counties, New Mexico

On April 18, 1957, we forwarded to you an application for
Approval of the Third Expansion of the Mesaverde Participating
Area of the Rosa Unit.

We have been contacted by the Office of the Supervisor, United
States Geological Survey in Roswell, with the request that we
send to them copies of Approval by the Commissioner of Public
Lands and the Oil Conservation Commission. Copies of Approvals
by the Commissioner of Public Lands and the Oil Conservation
Commission have to be forwarded to the Washington D. C. Office
of the United States Geological Survey before it will approve
any applications for Expansions of the Participating Areas
of the Geological Inference type Units.

We will appreciate very much your expediting the approval of
the subject application so that we may comply with this
requirement.

Very truly yours,

PACIFIC NORTHWEST PIPELINE CORPORATION

Re: Rosa Unit-San Juan and Rio Arriba
Counties, New Mexico
NOTICE OF COMPLETION OF ADDITIONAL
WELLS

Pursuant to the terms of the Rosa Unit Agreement, Pacific Northwest Pipeline Corporation, as Unit Operator, has determined that additional wells capable of producing unitized substances in paying quantities from the Mesaverde Formation have been completed upon acreage committed to this unit.

The well data is as follows:

ROSA MESAVERDE WELL #21-23

LOCATION:	790' from South line and 1030' from West line of Section 23, T 31 N, R 6 W, N.M.P.M.
ELEVATION:	6234' (grd)
SPUD DATE:	January 25, 1957
CASING:	10 3/4" cemented at 200' with 150 sx 7 5/8" cemented at 3570' with 150 sx 5 1/2" cemented at 5725' with 150 sx
TOTAL DEPTH:	5725'
DRILLING METHODS:	Drilled with mud to 7 5/8" casing point; drilled with gas from 7 5/8" casing point to total depth.

Rosa Unit
June 13, 1957

COMPLETION METHOD: Perforated 5 1/2" casing. Aqua-fraced (water only) Cliff House intervals from 5250' to 5294' and Menefee intervals from 5326' to 5488' and Point Lookout intervals from 5518' to 5682'

TUBING: 2 3/8" hung at 5664.83'

COMPLETION TEST DATA

DATE: May 2, 1957

SHUT-IN-PERIOD: 7 days

FINAL SHUT-IN-PRESSURES: Tubing 841#
Casing 1165#

RATE THROUGH TUBING AND 3/4" CHOKE AFTER 3 HOUR BLOW DOWN: 2945 Mcfgpd.

ROSA MESAVERDE WELL #23-29

LOCATION: 800' from South line and 835' from West line of Section 29, T 31 N, R 5 W, N.M.P.M.

ELEVATION: 6435' (grd)

SPUD DATE: March 26, 1957

CASING: 10 3/4" cemented at 220.99' with 170 sx
7 5/8" cemented at 3722' with 150 sx
5 1/2" cemented at 5935' with 150 sx

TOTAL DEPTH: 5935'

DRILLING METHODS: Drilled with mud to 7 5/8" casing point; drilled with gas from 7 5/8" casing point to total depth.

COMPLETION METHOD: Perforated 5 1/2" casing. Aqua-fraced (water only) Cliff House intervals from 5474' to 5488' and Menefee intervals from 5528' to 5644' and Point Lookout intervals from 5736' to 5824'.

TUBING: 2 3/8" hung at 5806.23'

Rosa Unit
June 13, 1957

COMPLETION TEST DATA

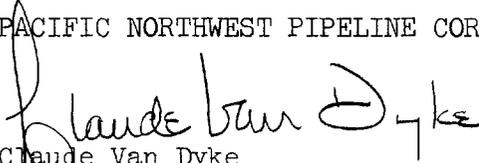

DATE: May 2, 1957
SHUT-IN-PERIOD: 7 days
FINAL SHUT-IN-
PRESSURES: Tubing 964#
Casing 1065#
RATE THROUGH TUBING
AND 3/4" CHOKE AFTER
3 HOUR BLOW DOWN: 2295 MCFGPD, CAOF.

Rosa Mesaverde Well #21-23 is located upon the drilling block described as the W/2 of Section 23, Township 31 North, Range 6 West. This drilling block was included in the initial Mesaverde Participating Area effective December 12, 1955. Rosa Mesaverde Well #23-29 is located upon the drilling block described as the W/2 of Section 29, Township 31 North, Range 5 West. This drilling block was included in the Second Expansion of the Mesaverde Participating Area effective September 1, 1956. Therefore, the Mesaverde Participating Area is not enlarged and the present participation is as shown on Exhibit "B" for the Third Expanded Participating Area for the Mesaverde Formation, effective March 1, 1957.

Copies of this letter are being sent to all Working Interest Owners within the Rosa Unit.

Re: Consent - Rosa Unit
San Juan and Rio Arriba
Counties, New Mexico

We are enclosing for your files copies of the following Consent:

Consent to the Rosa Unit, San Juan and Rio Arriba Counties, New Mexico, executed by W. B. Comegys and wife, Dorcas M. Comegys. This instrument was recorded in the County records of San Juan County on May 10, 1957, in Book 33, Page 36, and was also recorded in the County records of Rio Arriba County on May 28, 1957, in Book 30, Page 285.

With this Consent, the Comegys' interest in Tract No. 35 appearing in Exhibit "B" of the Unit Agreement is committed to the Rosa Unit.

Copies of this letter are being sent to all Working Interest Owners within the Rosa Unit.

Very truly yours,

PACIFIC NORTHWEST PIPELINE CORPORATION

CONSENT

In consideration of the execution of the Unit Agreement for the development and operation of the San Juan Rosa Unit Area, San Juan & ^{Bio Arriba} Counties, New Mexico, by Pacific Northwest Pipeline Corporation in form approved by the Secretary of the Interior and the Commissioner of Public Lands of the State of New Mexico, the undersigned owners of lands or interest in lands or royalties or other interests in production of oil, gas and other hydrocarbon substances which may be produced from the land affected by said Unit Agreement hereby severally, each to the extent of his or her particular ownership or interest, consent to the inclusion of said lands within the Unit Area therein defined, ratify, approve and adopt the terms of said Unit Agreement as being applicable to said several lands and interests, agree that the term of any lease or other agreement given by the undersigned in which the undersigned claims an interest is extended or modified to the extent necessary to make the same conform to the terms of said Unit Agreement, agree that the drilling and development requirements of all leases and other instruments in which their several rights and interests are created or defined shall be deemed fully performed by the performance of the provisions of said Unit Agreement, and agree that payment for unitized substances upon the basis of production allocated under said Unit Agreement to the particular lands to which their rights or interest apply, regardless of actual production therefrom, shall constitute full performance of any and all such obligations to the undersigned existing under such leases or other contracts. For the same consideration each of the undersigned warrants and agrees that the schedule attached as Exhibit "B" to said Unit Agreement correctly states his interest in the lands within the unit are as of the date of his execution of this Consent.

The terms and provisions hereof shall extend to and be binding upon the heirs, personal representatives, successors and assigns of the undersigned and each of them.

IN WITNESS WHEREOF, the undersigned have caused this instrument to be effected and have set opposite their respective names the date of execution thereof.

(See Attached Addressee List)

Gentlemen:

By our letter of April 10, 1957, File: KJB-4272-416, we requested you to correct your records to show that the Pictured Cliffs Participating Area for the Gallegos Canyon Unit consists of 27,377.46 acres as reflected on Exhibit "B" attached to our Application for Approval of the Fourth Enlargement of Pictured Cliffs Participating Area dated March 9, 1956, effective as of April 1, 1956.

We were advised by the United States Geological Survey by letter dated May 22, 1957 that Applications for Participating Areas should show and include all acreage reasonably proved productive in paying quantities regardless of commitment, with the commitment status to be reflected in the allocation schedule.

Accordingly will you please disregard our April 10, 1957 letter. The total acreage in the participating area is 27,794.68 acres as shown at the bottom of the first page of our letter of December 11, 1956, File: RGH-4637-416, pertaining to the Plan of Development for the calendar year 1957; and the committed acreage in the participating area is 27,377.46 acres as shown on Exhibit "B" for the fourth enlargement.

Yours very truly,

FAM:lj

Santa Fe, New Mexico

Gentlemen:

Pursuant to the provisions of Section 10 of the Rosa Unit Agreement, approved by the Director of the United States Geological Survey, the Commissioner of Public Lands of the State of New Mexico, and the Oil Conservation Commissioner of the State of New Mexico, affecting lands in the Rosa Unit Area in San Juan and Rio Arriba Counties, New Mexico, Pacific Northwest Pipeline Corporation, as Unit Operator, hereby submits for your approval a selection of lands to constitute the Third Expansion of the Participating Area for the Mesaverde zone.

The lands to be included in the Third Expansion of the Mesaverde Participating Area for the Rosa Unit were proved to be productive by the completion on February 8, 1957, of Rosa Unit Well #24-32, located in the SW/4 of Section 32, Township 31 North, Range 5 West. This well was completed in the Mesaverde zone from 5510' to 5874' for an initial potential of 2356 MCFGPD through 3/4" choke on tubing and with a calculated absolute open flow of 2633 MCFGPD. Shut-in tubing pressure was 1152#, and shut-in casing pressure 1195#. By the completion of Well #24-32 in commercial quantities, the Unit Operator has determined that the following described lands are reasonably proved productive and should be included in the Third Expansion of the Mesaverde Participating Area, effective as of March 1, 1957:

<u>Township 31 North, Range 5 West</u>	<u>Acres</u>
Section 32: W/2	320.00
Total Acres	320.00

In support of the applicant's recommendations for the Third Expansion to the Mesaverde Participating Area for the Rosa Unit, the applicant attaches hereto and makes a part hereof the following items:

Page 2
United States Geological Survey
Commissioner of Public Lands
Oil Conservation Commission
April 18, 1957

- (1) A map of the Rosa Unit indicating the present Participating Area and the proposed Third Expansion of the Participating Area for the Mesaverde zone.
- (2) A schedule marked Exhibit "B" showing the leases included in the proposed participating area and setting forth a percentage of unitized substances to be allocated to each unitized tract within the proposed participating area.
- (3) A brief geological and engineering report marked Exhibit "C" discussing the general area of the proposed Third Expansion in the participating area for the Mesaverde zone.

Pacific Northwest Pipeline Corporation, as Unit Operator of the Rosa Unit, respectfully requests that the Director, the Commissioner and the Oil Conservation Commission approve the selection of lands to constitute the Third Expansion of the Mesaverde Participating Area for the Rosa Unit to be effective as of March 1, 1957.

Very truly yours,

PACIFIC NORTHWEST PIPELINE CORPORATION

*The percentage of unit production allocated to the working interest owner of each tract is subject to all outstanding overriding interest of record against the subject lands.

EXHIBIT "C"

Proposed Third Expansion of Mesaverde Participating Area, Rosa Unit
San Juan and Rio Arriba Counties, New Mexico

The proposed Third Expansion of the Mesaverde Participating Area in the Rosa Unit is the W/2 of Section 32, Township 31 North, Range 5 West. This half section was drilled by the El Paso-Turner, Rosa Unit No. 24 Well. This well was completed in the Mesaverde formation for an initial potential of 2,633 MCF, calculated absolute open flow. A study of the Electric and Radioactivity logs of the subject well and the other wells in the Rosa Unit has shown that the production is obtained from the same horizons. The proposed extension area is also on the same geologic structure, an east dipping monocline, as the present Rosa Unit Mesaverde Participating Area.

It is therefore geologically recommended that the W/2 Section 32, Township 31 North, Range 5 West, Rio Arriba County, New Mexico, be included in the Mesaverde Participating Area of the Rosa Unit.

Re: Notice of Approval - First
and Second Expansions of
Mesaverde Participating Area
Rosa Unit I-Sec. 587
San Juan and Rio Arriba Counties,
New Mexico

This is to advise that the application for approval of First and Second Expansions of Mesaverde Participating Area for the Rosa Unit I-Sec. 587 has been approved effective June 1 and September 1, 1956, respectively, as follows:

1. Approved by the Director, United States Geological Survey, March 19, 1957.
2. Approved by the Commissioner of Public Lands January 10, 1957.
3. Approved by the Oil Conservation Commission February 28, 1957.

Copies of this letter are being sent to all working interest owners within the Rosa Unit.

Very truly yours,

PACIFIC NORTHWEST PIPELINE CORPORATION

Gentlemen:

The basic royalty of Tract XXXV - Exhibit "B" to the Rosa Unit Agreement is owned as follows:

1/16	of	12 $\frac{1}{2}$ %	Dee Forehand
14/96	of	12 $\frac{1}{2}$ %	R. E. Beamon
7/96	of	12 $\frac{1}{2}$ %	Alma Mae Beamon
3/512	of	12 $\frac{1}{2}$ %	Ralph A. Johnston
3/64	of	12 $\frac{1}{2}$ %	Texas National Petroleum Company
3/128	of	12 $\frac{1}{2}$ %	First National Bank of Fort Worth, Texas, Trustee for Eula May Johnston and Mary Louise Brown under Trust Indenture of December 20, 1955.
3/512	of	12 $\frac{1}{2}$ %	V. A. Johnston
3/512	of	12 $\frac{1}{2}$ %	Mrs. Willie Johnston
1/512	of	12 $\frac{1}{2}$ %	Lillie Leona Rogers
1/512	of	12 $\frac{1}{2}$ %	Orville Curtis Rogers
1/512	of	12 $\frac{1}{2}$ %	Veva Jean Gibbard
1/8	of	12 $\frac{1}{2}$ %	C. H. Nye
1/4	of	12 $\frac{1}{2}$ %	Allen M. Tonkin and Nancy P. Tonkin, Joint Tenants
1/4	of	12 $\frac{1}{2}$ %	W. B. Comegys

I am enclosing for your files copies of the Consent to the Rosa Unit, San Juan and Rio Arriba Counties, New Mexico, executed by C. H. Nye and Linda Nye. This instrument was recorded in the County records of San Juan County, New Mexico, on February 18, 1957, in Book 321, Page 86, and also recorded in the County records of Rio Arriba County, New Mexico, on March 5, 1957, in Volume 29-0, Page 999. This commits their interest in Tract XXXV appearing in Exhibit "B" to the Unit Agreement and any and all other tracts in which they have an interest.

Copies of this letter are being sent to all Working Interest Owners within the Rosa Unit.

CONSENT

In consideration of the execution of the Unit Agreement for the development and operation of the ~~San Juan~~ Rosa Unit Area, ~~Rio Arriba~~ San Juan County, ^SNew Mexico, by Pacific Northwest Pipeline Corporation in form approved by the Secretary of the Interior and the Commissioner of Public Lands of the State of New Mexico, the undersigned owners of lands or interest in lands or royalties or other interests in production of oil, gas and other hydrocarbon substances which may be produced from the land affected by said Unit Agreement hereby severally, each to the extent of his or her particular ownership or interest, consent to the inclusion of said lands within the Unit Area therein defined, ratify, approve and adopt the terms of said Unit Agreement as being applicable to said several lands and interests, agree that the term of any lease or other agreement given by the undersigned in which the undersigned claims an interest is extended or modified to the extent necessary to make the same conform to the terms of said Unit Agreement, agree that the drilling and development requirements of all leases and other instruments in which their several rights and interests are created or defined shall be deemed fully performed by the performance of the provisions of said Unit Agreement, and agree that payment for unitized substances upon the basis of production allocated under said Unit Agreement to the particular lands to which their rights or interest apply, regardless of actual production therefrom, shall constitute full performance of any and all such obligations to the undersigned existing under such leases or other contracts. For the same consideration each of the undersigned warrants and agrees that the schedule attached as Exhibit "B" to said Unit Agreement correctly states his interest in the lands within the unit are as of the date of his execution of this Consent.

The terms and provisions hereof shall extend to and be binding upon the heirs, personal representatives, successors and assigns of the undersigned and each of them.

IN WITNESS WHEREOF, the undersigned have caused this instrument to be effected and have set opposite their respective names the date of execution thereof.

Deputy

CONSENT

In consideration of the execution of the Unit Agreement for the development and operation of the San Juan Rosa Unit Area, San Juan & Rio Arriba Counties, New Mexico, by Pacific Northwest Pipeline Corporation in form approved by the Secretary of the Interior and the Commissioner of Public Lands of the State of New Mexico, the undersigned owners of lands or interest in lands or royalties or other interests in production of oil, gas and other hydrocarbon substances which may be produced from the land affected by said Unit Agreement hereby severally, each to the extent of his or her particular ownership or interest, consent to the inclusion of said lands within the Unit Area therein defined, ratify, approve and adopt the terms of said Unit Agreement as being applicable to said several lands and interests, agree that the term of any lease or other agreement given by the undersigned in which the undersigned claims an interest is extended or modified to the extent necessary to make the same conform to the terms of said Unit Agreement, agree that the drilling and development requirements of all leases and other instruments in which their several rights and interests are created or defined shall be deemed fully performed by the performance of the provisions of said Unit Agreement, and agree that payment for unitized substances upon the basis of production allocated under said Unit Agreement to the particular lands to which their rights or interest apply, regardless of actual production therefrom, shall constitute full performance of any and all such obligations to the undersigned existing under such leases or other contracts. For the same consideration each of the undersigned warrants and agrees that the schedule attached as Exhibit "B" to said Unit Agreement correctly states his interest in the lands within the unit are as of the date of his execution of this Consent.

The terms and provisions hereof shall extend to and be binding upon the heirs, personal representatives, successors and assigns of the undersigned and each of them.

IN WITNESS WHEREOF, the undersigned have caused this instrument to be effected and have set opposite their respective names the date of execution thereof.

Gentlemen:

Re: Consents - Rosa Unit
San Juan and Rio Arriba
Counties, New Mexico

I am enclosing for your files copies of the following Consents:

1. Consent to the Rosa Unit, San Juan and Rio Arriba Counties, New Mexico, executed by R. E. Beamon. This instrument was recorded in the County records of San Juan County on December 20, 1956, in Book 316, Page 174, and also recorded in the County records of Rio Arriba County on January 16, 1957, in Volume 29, Page 327. This commits his interest in Tract XX appearing in Exhibit "B" to the Unit Agreement and any and all other tracts in which he has an interest.
2. Consent to the Rosa Unit, San Juan and Rio Arriba Counties, New Mexico, executed by Dee Forehand and Cecile Forehand. This instrument was recorded in the County records of San Juan County on December 27, 1956, in Book 317, Page 18, and also recorded in the County records of Rio Arriba County on January 16, 1957, in Volume 290, Page 325. This commits their interest in Tract XX appearing in Exhibit "B" to the Unit Agreement and any and all other tracts in which they have an interest.

Commissioner of Public Lands
Oil Conservation Commission
January 30, 1957

3. Consent to the Rosa Unit, San Juan and Rio Arriba Counties, New Mexico, executed by Ralph A. Johnston and Murrell M. Johnston. This instrument was recorded in the County records of San Juan County on December 27, 1956, in Book 317, Page 15, and also recorded in the County records of Rio Arriba County on January 16, 1957, in Volume 29, Page 328. This commits their interest in Tract XX appearing in Exhibit "B" to the Unit Agreement and any and all other tracts in which they have an interest.
4. Consent to the Rosa Unit, San Juan and Rio Arriba Counties, New Mexico, executed by Mrs. Willie Johnston. This instrument was recorded in the County records of San Juan County on December 27, 1956, in Book 317, Page 16, and also recorded in the County records of Rio Arriba County on January 16, 1957, in Volume 29, Page 326. This commits her interest in Tract XX appearing in Exhibit "B" to the Unit Agreement and any and all other tracts in which she has an interest.
5. Consent to the Rosa Unit, San Juan and Rio Arriba Counties, New Mexico, executed by Texas National Petroleum Company. This instrument was recorded in the County records of San Juan County on December 27, 1956, in Book 317, Page 17, and also recorded in the County records of Rio Arriba County on January 16, 1957, in Volume 29, Page 329. This commits their interest in Tract XX appearing in Exhibit "B" to the Unit Agreement and any and all other tracts in which they have an interest.

Copies of this letter are being sent to all Working Interest Owners within the Rosa Unit.

CONSENT

In consideration of the execution of the Unit Agreement for the development and operation of the San Juan Rosa Unit Area, San Juan & Rio Arriba Counties, New Mexico, by Pacific Northwest Pipeline Corporation in form approved by the Secretary of the Interior and the Commissioner of Public Lands of the State of New Mexico, the undersigned owners of lands or interest in lands or royalties or other interests in production of oil, gas and other hydrocarbon substances which may be produced from the land affected by said Unit Agreement hereby severally, each to the extent of his or her particular ownership or interest, consent to the inclusion of said lands within the Unit Area therein defined, ratify, approve and adopt the terms of said Unit Agreement as being applicable to said several lands and interests, agree that the term of any lease or other agreement given by the undersigned in which the undersigned claims an interest is extended or modified to the extent necessary to make the same conform to the terms of said Unit Agreement, agree that the drilling and development requirements of all leases and other instruments in which their several rights and interests are created or defined shall be deemed fully performed by the performance of the provisions of said Unit Agreement, and agree that payment for unitized substances upon the basis of production allocated under said Unit Agreement to the particular lands to which their rights or interest apply, regardless of actual production therefrom, shall constitute full performance of any and all such obligations to the undersigned existing under such leases or other contracts. For the same consideration each of the undersigned warrants and agrees that the schedule attached as Exhibit "B" to said Unit Agreement correctly states his interest in the lands within the unit are as of the date of his execution of this Consent.

The terms and provisions hereof shall extend to and be binding upon the heirs, personal representatives, successors and assigns of the undersigned and each of them.

IN WITNESS WHEREOF, the undersigned have caused this instrument to be effected and have set opposite their respective names the date of execution thereof.

Re: Consent - Rosa Unit
San Juan and Rio Arriba
Counties, New Mexico

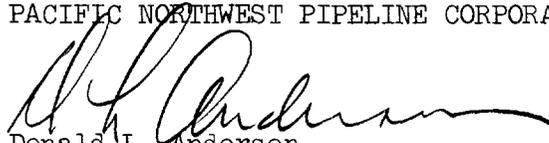

I am enclosing for your files copies of the following Consent:

Consent to the Rosa Unit, San Juan and Rio Arriba Counties, New Mexico, executed by V. A. Johnston and Mae Johnston. This instrument was recorded in the County records of San Juan County on November 29, 1956, in Book 316, Page 32, and also recorded in the County records of Rio Arriba County on December 20, 1956, in Volume 29, Page 309. This commits their interest in Tract XX appearing in Exhibit "B" to the Unit Agreement and any and all other tracts in which they have an interest.

Copies of this letter are being sent to all Working Interest Owners within the Rosa Unit.

Very truly yours,

PACIFIC NORTHWEST PIPELINE CORPORATION

Re: Application for Approval
of First and Second Ex-
pansions of the Mesaverde
Participating Area for
the Rosa Unit

Attention: Mr. D. N. Canfield
Assistant Manager, Land Department

Gentlemen:

We are forwarding to the New Mexico Oil Conservation Commission five copies of the above designated application which was approved by the Commissioner of Public Lands, Mr. M. E. Morgan, on January 10, 1957, subject to like approval by the United States Geological Survey and the New Mexico Oil Conservation Commission.

We trust you will send us an approved copy of this at such time as complete approval is obtained.

Very truly yours,

M. E. Morgan

Re: Rosa Unit - San Juan and
Rio Arriba Counties,
First and Second Expansions
of the Mesaverde Participating
Area:

Attention: Mr. D. N. Canfield
Assistant Manager, Land Department

Gentlemen:

We are in receipt of your letter dated December 26, 1956, which states in the second paragraph that at the present time there is a well being drilled on Section 32-31N-5W.

We have examined Lease E-347 very carefully, and you have not filed an Intention to Drill on this lease which contains the entire 640 acres, and no report can we find where Section 32-31N-5W has been included in a drilling program.

Under Section 9 of the lease it is required that you notify this office as to the location of wells and file a C-101 and a C-105 with this office. Therefore, at such time as we receive this information, we will reconsider our objection to the exclusion of Sec. 32-31N-5W in your First and Second Expansions of the Mesaverde Participating Area.

Very truly yours,

E. S. WALKER
Commissioner of Public Lands

Re: Application for Approval of
First and Second Expansions of
the Mesaverde Participating Area
for the Rosa Unit -
San Juan and Rio Arriba Counties,
New Mexico

Attention: Mr. R. N. Richey, Manager
Land Department

Gentlemen:

We are in receipt of the above described application and after reviewing your Exhibits "A", "B" and "C", the Unit Division feels it necessary to have the omission of Section 32-31N-5W from this participating area passed on by our Geologist, therefore, until he has done so, the Commissioner of Public Lands will not approve this expansion of the Mesaverde Participating Area for the Rosa Unit.

Very truly yours,

E. S. WALKER

Re: Application for Approval of First
& Second Expansions of the Mesaverde
Participating Area for the Rosa Unit
San Juan & Rio Arriba Cos., New Mexico

Oil Conservation Commission
State of New Mexico
Post Office Box 871
Santa Fe, New Mexico

Gentlemen:

Pursuant to the provisions of Section 10 of the Rosa Unit Agreement, approved by the Director of the United States Geological Survey, the Commissioner of Public Lands of the State of New Mexico, and the Oil Conservation Commission of the State of New Mexico, affecting lands in the Rosa Unit Area in San Juan and Rio Arriba Counties, New Mexico, Pacific Northwest Pipeline Corporation, as Unit Operator, hereby submits for your approval a selection of lands to constitute the First and Second Expansions of the Participating Area for the Mesaverde zone.

The lands to be included in the First Expansion of the Mesaverde Participating Area for the Rosa Unit were proved to be productive by the completion on May 17, 1956, of Rosa Unit Well #13-31, located in the NE/4 of Section 31, Township 31 North, Range 5 West. This well was completed in the Mesaverde zone from 5510' to 5968' for an initial potential of 2947 MCFGPD through 3/4" choke on tubing and with a calculated absolute open flow of 3675 MCFGPD. Shut-in tubing pressure was 1201 #, and shut-in casing pressure 1201 #. By the completion of Well #13-31 in commercial quantities, the Unit Operator has determined that the following described lands are reasonably proved productive and should be included in the First Expansion of the Mesaverde Participating Area, effective as of June 1, 1956:

<u>Township 31 North, Range 6 West</u>		<u>Acres</u>
Section 25:	W/2	320.00
	W/2 E/2	160.00
	Lots 1,2,3,4	64.48
 <u>Township 31 North, Range 5 West</u>		
Section 30:	E/2	320.00
	Lots 1,2,3,4	145.48
Section 31:	E/2	320.00
	Lots 1,2,3,4	<u>145.88</u>
TOTAL ACRES		1475.84

Re: Rosa Unit, San Juan &
Rio Arriba Cos., New Mexico

December 12, 1956

Subsequent to June 1, 1956, Pacific Northwest Pipeline Corporation has completed two additional wells outside of the limits of the initial participating area and the proposed First Expansion Mesaverde Participating Area. The well data on which this Second Expansion is based is as follows:

The Rosa Unit Well #12-15, located in the NE/4 of Section 15, Township 31 North, Range 6 West, was completed on August 16, 1956, in the Mesaverde interval 5290' to 5716' for an initial potential of 4339 MCFGPD through 3/4" choke on 3" tubing and with a calculated absolute open flow of 9492 MCFGPD. Shut-in tubing pressure was 1113# and shut-in casing pressure 1116#.

Well #15-29, located in the NE/4 of Section 29, Township 31 North, Range 5 West, was completed on August 27, 1956, in the Mesaverde interval 5468' to 5838' with an initial potential of 2953 MCFGPD after three hours through 3/4" choke on tubing and with calculated absolute open flow of 3149 MCFGPD. Shut-in pressure 1111#; shut-in casing pressure 1109#.

By the completion of Rosa Unit Wells #12-15 and 15-29 in commercial quantities, the Unit Operator has determined that the following described lands have been proved commercial and they have been selected to constitute the Second Expansion of the Mesaverde Participating Area for the Rosa Unit, to be effective September 1, 1956;

<u>Township 31 North, Range 5 West</u>		<u>Acres</u>
Section 19:	E/2	320.00
	Lots 1,2,3,4	144.44
Section 20:	S/2	320.00
Section 29:	All	640.00
 <u>Township 31 North, Range 6 West</u>		
Section 15:	E/2	320.00
Section 22:	E/2	320.00
Total Acres		2064.44

The working interest under the leases on the above-described lands included in the First Expansion and the Second Expansion of the Mesaverde Participating Area for the Rosa Unit is vested 100% in Pacific Northwest Pipeline Corporation.

As of September 1, 1956, there has been no sales of unitized substances from the wells completed upon the Rosa Unit; however, when production from this unit's participating area is sold, royalties in the amount of 12½% will be payable on this production to the United States under the provision of the following Federal leases:

Re: Rosa Unit, San Juan &
Rio Arriba Cos., New Mexico

December 12, 1956

- S. F. 078771
- S. F. 078767
- S. F. 078765
- S. F. 078766
- S. F. 078764
- S. F. 079165

In support of the applicant's recommendations for the First and Second Expansions to the Mesaverde Participating Area for the Rosa Unit, the applicant attaches hereto and makes a part hereof the following items:

- (1) A map marked Exhibit "A" showing the Rosa Unit showing the initial, the proposed First Expansion, and the proposed Second Expansion of the Participating Area for the Mesaverde zone.
- (2) A schedule marked Exhibit "B" showing the leases included in the proposed participating area and setting forth a percentage of unitized substances to be allocated to each unitized tract within the proposed participating area.
- (3) A brief geological and engineering report marked Exhibit "C" discussing the general area of the proposed First and Second Expansions in the participating area for the Mesaverde zone.

Pacific Northwest Pipeline Corporation, as Unit Operator of the Rosa Unit, respectfully requests that the Director, the Commissioner and the Oil Conservation Commission approve the selection of lands to constitute the First Expansion of the Mesaverde Participating Area for the Rosa Unit to be effective as of June 1, 1956, and the selection of lands to constitute the Second Expansion of the Mesaverde Participating Area for the Rosa Unit to be effective as of September 1, 1956.

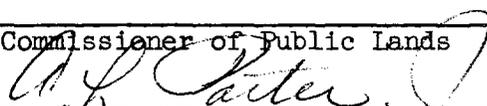

Very truly yours,

EXHIBIT "C"

EXPANSION OF UNIT PARTICIPATING AREA IN ROSA UNIT
T-31-N, R-5 & 6-W, RIO ARriba COUNTY, NEW MEXICO
AS OF SEPTEMBER 1, 1956

The following areas are proposed as additions to the Rosa Unit Participating Area:

Township 31 North, Range 5 West
All Section 19, S/2 Section 20, All Section 29,
All Section 30, All Section 31.

Township 31 North, Range 6 West
E/2 Section 15, E/2 Section 22, All Section 25.

These tracts lie to the southeast and the west of the present Participating Area and are in line with the northwest - southeast Mesaverde production trend. Drilling since the establishment of the Initial Participating Area has proved the areas under consideration capable of commercial gas production from the Mesaverde formation.

Well No. 13-31 was drilled in the NW/4 of Section 31, T-31-N, R-5-W, and was completed May 17, 1956, in the Mesaverde for an open flow potential of 3,675 MCF. Well No. 12-15 was drilled in the NE/4 of Section 15, T-31-N, R-6-W, and was completed August 16, 1956, in the Mesaverde for an open flow potential of 9,492 MCF. Well No. 15-29 was drilled in the NE/4 of Section 29, T-31-N, R-5-W, and completed August 27, 1956, in the Mesaverde for an open flow potential of 3,149 MCF.

Correlation of electric and radioactivity logs between the above wells and the wells in the present Participating Area proves the production to be from the same sands in the Mesaverde formation over both areas. Both areas are also located on the same structural feature, a monocline which strikes northwest - southeast and dips to the northeast. Because of the above facts, it is felt that the undrilled areas lying between the producing wells are proven to be capable of commercial gas production from the Mesaverde formation and should be included in the Participating Area.

In summary, the proposed Participating Area Expansion is justified due to the facts that the areas are proved to be commercially productive from the same formation and lie on the same geologic structure.
