Re: Seven Rivers Flood Aid Field

State Of New Mexico Oil Conservation Commission P. O. Box 2088 Santa Fe, New Mexico 87501

Attention: Secretary Director, Mr. A. L. Porter, Jr.

Dear Sir:

It is respectfully requested in order to promote conservation, R. D. Collier, be given approval for the water flood project which includes the wells hereinafter listed.

A partial five spot pattern is projected and later it may be developed further by additional injection wells.

The water for injection is available from the Double Eagle Corporation whose line passes over the acreage involved.

Hereinafter are listed the proposed injection wells:

- R. D. Collier State # 6 located in the NE NW of Section 25, T17S, R28E. This is a plugged well that will be used.
- R. D. Collier State # 4 located in the NE NW of Section 25, T17S, R28E.
- R. D. Collier State # 3 located in the SW NW of Section 25, T17S, R28E.

R. D. Collier State # 8` (new designation of number) located in the SE F NW of Section 25, T17S, R28E. This is a plugged well that will be used.

Exhibit "A" shows the area and wells within a two mile radius of the proposed flood and the proposed injection wells.

Exhibit "B" and "C" shows how each injection well is to be completed.

Copies of the application and attachments have been sent to the offset operators.

R. D. Collier will upon approval of the flood, immediately notify the New Mexico Oil Conservation Commission of injection operation and abide by the rules and regulations as set out in the Order and will also file and maintain accurate records as required by the New Mexico Oil Conservation Commission.

Yours very truly,

R. D. Collier Haved Ceuser

Harold Kersey
