1989 PLAN OF DEVELOPMENT/OPERATIONS
HUMPHREY QUEEN UNIT
LEA COUNTY, NEW MEXICO
C-4335

Gentlemen:

Mobil Exploration & Producing U.S. Inc. ("Mobil") as unit operator of the Humphrey Queen Unit, submits this 1989 Plan of Operations in compliance with the Bureau of Land Management requirements. As of the date of this correspondence, the total number of wells and their status in the unit area are as follows:

Current Producers -	15
Water Injectors -	11
Temporarily Abandoned Producers -	4
Temporarily Abandoned Injectors -	0
Plugged and Abandoned -	0
TOTAL	30

During the year 1988, no new wells were drilled in the unit. Additionally, no new wells were stimulated or worked over.

No new wells are planned for the unit in 1989. Anticipated activities for 1989 include routine maintenance on existing oil producers and water injectors for the maximization of unit efficiency.

PLAN OF OPERATIONS
HUMPHREY QUEEN UNIT
C-4335
LEA COUNTY, NEW MEXICO

Gentlemen:

In compliance with Bureau of Land Management requirements, Mobil Producing Texas & New Mexico Inc. ("Mobil"), Operator and sole working interest owner in the Humphrey Queen Unit, submits this 1988 plan of operations.

As of the date of this letter, the total number of wells and their status in the unit are as set out below:

Current Producers	15
Water Injectors	11
Temporarily Abandoned Producers	4
Temporarily Abandoned Injectors	0
Plugged and Abandoned	0
	30

No new wells were drilled in 1987, however, the #3 unit well was worked over with no increase in production. The #26 WSW was plugged and abandoned; as was hinted in the Plan of Operations for the year 1987. Since we are considering selling this property, we do not, at this time have any plans to drill any wells on this unit. If this property is not sold, there does exist a possibility that we may wish to drill a water supply well to replace the abandoned #26 WSW.

Mobil

Bureau of Land Management
State of New Mexico
January 19, 1988
Page 2

The only other projected activity in the unit for 1988 includes normal reworking and maintenance on the existing producing wells and injection wells to maximize unit efficiency.

Mobil believes that all current unit obligations and requirements have been met. If this plan meets with your approval, kindly indicate this by signing in the respective space provided below and returning one (1) copy to this office at your earliest convenience.

Very truly yours,

MOBIL EXPLORATION & PRODUCING U.S. INC.,

RE: PLAN OF OPERATION
HUMPHREY QUEEN UNIT
C-4335
LEA COUNTY, NEW MEXICO

Gentlemen:

In compliance with the Bureau of Land Management requirements, Mobil Producing Texas & New Mexico Inc., Operator and sole working interest owner in the Humphrey Queen Unit, submits this 1986 - 1987 Plan of Operations.

As of the date of this correspondence, the total number of wells and their status in the Unit Area are as follows:

Current Producer:	15
Water Injectors:	11
Temporarily Abandoned Producers:	4
Temporarily Abandoned Injectors:	0
Plugged and Abandoned:	0
Total	<u>30</u>

No new wells were drilled in 1986. Two producers were temporarily abandoned in 1986 for economic reasons:

- 1) Humphrey Queen Unit Well #12;
- 2) Humphrey Queen Unit Well #7;

KMJ7037L/TXTLAND2

Mobil

Bureau of Land Management/Commissioner of Public Lands/State of New Mexico
February 16, 1987
Page 2

with two additional wells having been temporarily abandoned in previous years:

- 1) Humphrey Queen Unit Well #13; and
- 2) Humphrey Queen Unit Well #14.

Three water injection wells were reworked to repair tubing leaks.

In addition to the operations enumerated above, two producers were stimulated in an effort to increase their production.

No additional wells will be drilled in 1987. Projected activity in the Unit for 1987 includes normal reworking and maintenance on the existing producing wells and injection wells to maximize Unit efficiency. WSW #26 has developed a casing problem which may necessitate our plugging and abandoning said well. Plans are to recompleate WIW #19 and utilize it for a disposal well.

Mobil, as Unit Operator and the only working interest owner in the Unit, believes that all current unit obligations and requirements have been met.

If this Plan of Operation meets with your approval, then we request that you signify your approval in the space provided below and return a copy of this plan to Mobil.

Very truly yours,

Kent M. Johnston
Landman

Attention: Mr. John D. Howard

Gentlemen:

The Humphrey (Queen) unit agreement, Lea County, New Mexico, was approved on September 30, 1969, effective October 1, 1969, and has been designated No. 14-08-0001-11577. Please furnish this office with a certificate of effectiveness pursuant to Section 20 of the unit agreement.

Enclosed is one approved copy of the unit agreement for your records. Please furnish the New Mexico Oil Conservation Commission and all other interested principals with appropriate evidence of this approval.

Sincerely yours,

(ORIG. SCD.) JOHN A. ANDERSON

Midland, Texas 79701

Attention: Mr. John D. Howard

Gentlemen:

Your initial plan of development, dated September 26, 1969, for the Humphrey (Queen) unit area, Lea County, New Mexico, proposing to inject water into 11 wells and to produce oil from 14 other wells within said unit area, has been approved on this date. Of the 11 injection wells, four are presently completed, another six will be converted from producing status during 1969, and one is to be drilled during 1970. The New Mexico Oil Conservation Commission approved the project and the use of these 11 wells as water injectors by Order No. R-3824, dated September 4, 1969.

Two approved copies of the plan are enclosed.

Sincerely yours,

(ORIG. SCD.) BILLY J. SHOGER
