Re: Proposed Bond Draw Unit
T24S, R27E NMPM
Eddy County, New Mexico

Dear Mr. Porter,

On behalf of Corinne Grace I request a hearing before an Examiner, or the Commission at their hearing on October 23, 1974 as appropriate. The purpose of my appearance will be to present testimony and request approval of the proposed Bond Draw Unit, including lands as follows:

T.24S., R.27E. NMPM Eddy Co., New Mexico

All of Sections 2, 3, 10, 11, 14, 15, 22,
23 inclusive

This unit is proposed for the purpose of drilling a 12,500 foot well to test all formations of Pennsylvanian age, particularly the Morrow formation which is believed to underlie the area as a common source of supply.

Sincerely yours,

Dave Bentzin
for: Corinne Grace

*Let's asked me to see Bentzin and check
this description — I talked to him on
Oct. 9 and there is no change in
the description.*

DOCKET MAILED
