Re: 1988 Plan of Development
Eunice Monument South Unit
Lea County, New Mexico

Gentlemen:

The Commissioner of Public Lands has this date approved your 1988 Plan of Development for the above captioned unit area.

Our approval is subject to like approval by all other appropriate agencies.

Enclosed is an approved copy for your files.

If we may be of further help please do not hesitate to call on us.

Very truly yours,

W. R. HUMPHRIES
COMMISSIONER OF PUBLIC LANDS

RE: 1987 Report of Operations and 1988 Plan of Development for the Eunice Monument South Unit, Lea County, New Mexico.

Chevron became operator of the Eunice Monument South Unit on February 1, 1985. At this time, Chevron began operating 214 actively producing wells in the 356 well unit. The remaining wells were plugged and abandoned, temporarily abandoned, or producing from another horizon. These inactive wellbores are being demanded from the working interest partners and incorporated into the waterflood as implementation of the project continues.

In 1987, a total of 27 wells were drilled in the Eunice Monument South Unit. Of these 27 wells, there were 16 producers, 8 injectors, and 3 water supply wells. The 24 producers and injectors were drilled to develop 40 acre locations in which a well was not turned over to the Unit, and 3 water supply wells were drilled to the San Andres formation to provide a compatible source of water for the waterflood. In addition to the drilling program, 179 workovers were completed in 1987 on existing wells. The workovers including producer deepening, remedial cementing, liner jobs, and injection conversions. At present there are 131 active injection wells on line injecting approximately 90000 BWPD.

In 1988, four additional replacement wells are planned (3 producers and 1 injector) for the EMSU. In addition to the replacement wells, a four-well 20-acre infill program is currently being evaluated with its exact location yet to be determined. Thusfar in 1988, 26 workovers have been completed in January and February. An additional 35 workovers will be performed in 1988 to complete the initial workover program at EMSU. Additional workovers will be performed on an as-needed basis.

Please refer to the attached tables, maps, and reports for additional information.

Plan of Development
APPROVED

MAR 21 1988

Joe L. Lara
Asst. DISTRICT MANAGER
BUREAU OF LAND MANAGEMENT

RE: 1987 Report of Operations and 1988 Plan of Development for the Eunice Monument South Unit, Lea County, New Mexico.

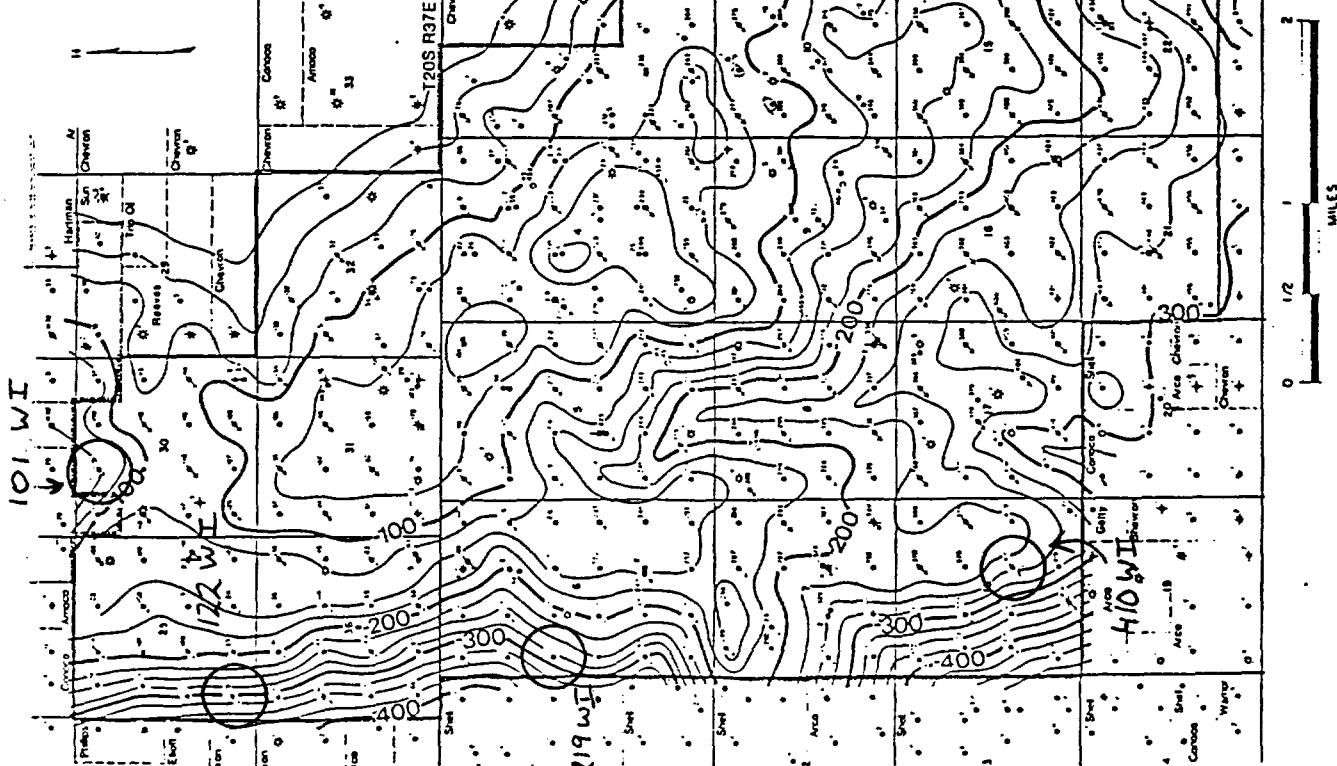

Chevron became operator of the Eunice Monument South Unit on February 1, 1985. At this time, Chevron began operating 214 actively producing wells in the 356 well unit. The remaining wells were plugged and abandoned, temporarily abandoned, or producing from another horizon. These inactive wellbores are being demanded from the working interest partners and incorporated into the waterflood as implementation of the project continues.

In 1987, a total of 27 wells were drilled in the Eunice Monument South Unit. Of these 27 wells, there were 16 producers, 8 injectors, and 3 water supply wells. The 24 producers and injectors were drilled to develop 40 acre locations in which a well was not turned over to the Unit, and 3 water supply wells were drilled to the San Andres formation to provide a compatible source of water for the waterflood. In addition to the drilling program, 179 workovers were completed in 1987 on existing wells. The workovers including producer deepening, remedial cementing, liner jobs, and injection conversions. At present there are 131 active injection wells on line injecting approximately 90000 BWPD.

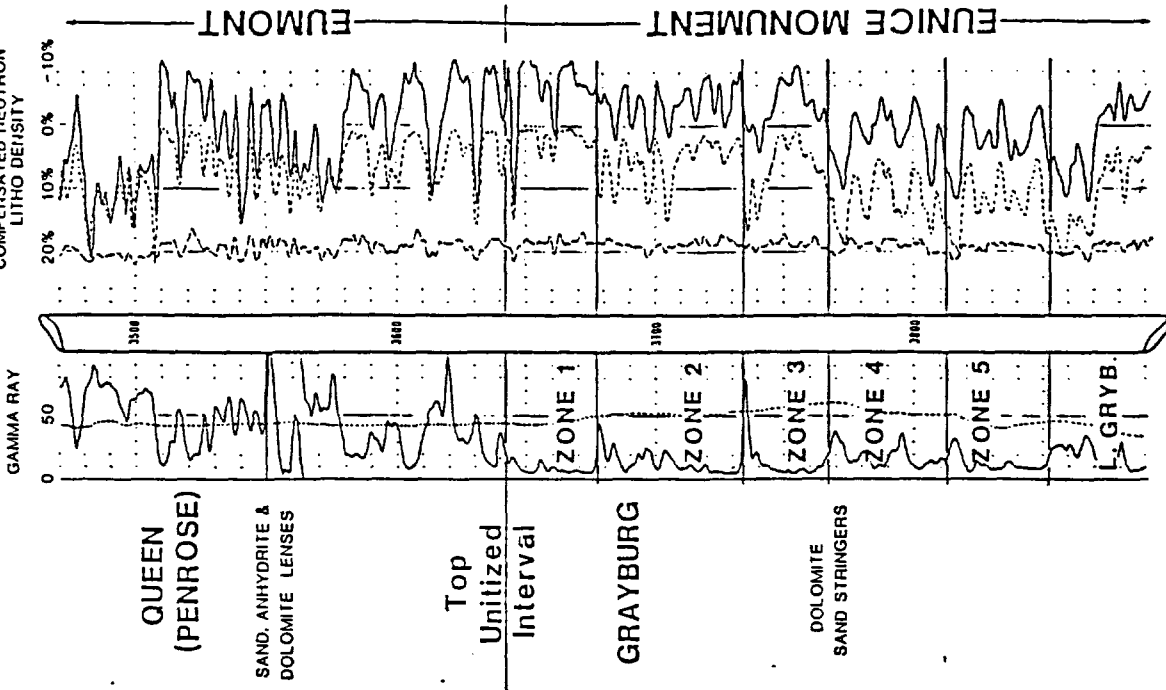

In 1988, four additional replacement wells are planned (3 producers and 1 injector) for the EMSU. In addition to the replacement wells, a four-well 20-acre infill program is currently being evaluated with its exact location yet to be determined. Thusfar in 1988, 26 workovers have been completed in January and February. An additional 35 workovers will be performed in 1988 to complete the initial workover program at EMSU. Additional workovers will be performed on an as-needed basis.

Please refer to the attached tables, maps, and reports for additional information.
