Gentlemen:

Your application of November 4, 1993, filed with this office requests the designation of 24,852.84 acres, more or less, in Sandoval County, New Mexico, as logically subject to exploration and development under unitization provisions of the Mineral Leasing Act, as amended.

Pursuant to unit plan regulations 43 CFR 3180, the land requested, as outlined on your plat marked "Exhibit 'A'", Hatch Lake Unit Area is hereby designated as a logical unit area.

The unit agreement to be submitted for the area designated should provide for a well to test the upper 1400 feet of the Mancos formation or to a depth of 5000 feet. Your proposed use of the Form of Agreement for Unproven Areas, modified only as shown in your application, will be accepted.

If conditions are such that further modification of said standard form is deemed necessary, two copies of the proposed modifications with appropriate justification must be submitted to this office for preliminary approval.

In the absence of any other type of land requiring special provisions or of any objections not now apparent, a duly executed agreement identical with said form, modified only as outlined above, will be approved if submitted in approvable status within a reasonable period of time. However, notice is hereby given that the right is reserved to deny approval of any executed agreement submitted that, in our opinion, does not have the full commitment of sufficient lands to afford effective control of operations in the unit area.

Please include the latest status of all acreage when the executed agreement is submitted for final approval. The format of the sample exhibits attached to the model unit agreement (43 CFR 3186.1) should be followed closely in the preparation of Exhibits A and B. A minimum of 3 copies of the executed agreement should be submitted with our request for final approval.

Inasmuch as this unit area contains State of New Mexico lands, we are sending a copy of this letter to the State Land Commissioner, and we are hereby requesting you to contact the State promptly in connection with this letter before soliciting joinders.

Sincerely,

A handwritten signature in dark ink, appearing to read "Michael R. Ford". The signature is fluid and cursive, with the first name "Michael" written in a larger, more prominent script than the last name "Ford".
