Re: Application of Heafitz Energy Management, Inc.;
OCD Case No. 9922

Dear David:

Enclosed please find a copy of the notice letter which I sent to the Bureau of Land Management informing them of the application of Heafitz to commingle production from the Atoka and Siluro-Devonian Formations in the Mexico "P" Federal Well No. 1.

I would appreciate it if you would add a copy of this letter to the Division's case file. Thank you for your help.

Sincerely,

W. Perry Pearce

Re: Application of Heafitz Energy Management, Inc. for
Commingling

Dear Sir:

On behalf of Heafitz Energy Management, Inc., I have filed an application with the New Mexico Oil Conservation Division to commingle production in the well bore of the Mexico "P" Federal Well No. 1 located in the NW 1/4 of Section 21, Township 26 South, Range 35 East, Lea County, New Mexico. Heafitz proposes to commingle production from the Siluro-Devonian and the Atoka zones in this well. The well is located within the Tres Amigos Unit which was approved by the Oil Conservation Division by Order No. R-9021 on October 19, 1989.

The Division has scheduled a hearing on this commingling application to be held on May 2, 1990, beginning at 8:15 a.m.

If I can provide you with any additional information, please do not hesitate to contact me.

Sincerely,

W. Perry Pearce
