Gentlemen:

Recently Santa Fe Energy Operating Partners, L.P. (Santa Fe) sent you notice of its application for 160 acre Non-Standard Spacing and Proration Units covering the W/2 of Section 2, T-22-S, R-27-E, Eddy County, New Mexico, insofar as rights to the Wolfcamp Formation are concerned. At such time, there were no objections from the Offset Operators or Royalty Owners. Since this time, and prior to seeking approval from the New Mexico Oil Conservation Division (NMOCD), Santa Fe has decided to extend its application to include the W/2 of Section 11, T-22-S, R-27-E. By incorporating these lands, the necessity for multiple trips to the NMOCD will not be required, and thus all parties will be saved the additional time and expense of handling the tracts separately.
