We propose to drill one additional well before the end of calendar year 1989 to further develop the Fruitland Coal in the Northeast Blanco Unit. Following is the number and location of such well:

<u>Well</u>	<u>Location</u>
NEBU #464	SW/4 Section 10-31N-7W

Your expediency in approving this second supplement to the Plan of Development is greatly appreciated as it will hopefully allow us to escape the inclement weather.

Thank you for your cooperation in this matter.
