All: the order required Rockcliff to submit the CBL to the Artesia office to obtain their approval. I received the following e-mail, which was sent to Artesia:

Let me know if you have any questions.

Jim

Ray and Gilbert,

Thank you for taking the time to speak with Dusty and myself today regarding the CBL that was run on the SCB #1 SWD. Per the attached order, Rockcliff was instructed to discuss the log with your office and confirm that there are no issues with our current plans to inject.

Per our conversation, Rockcliff has met this stipulation of this order, as written.

Should you have any questions or require additional information, please do not hesitate to contact me.

Thank you again for your time this afternoon and have a great day.
