RE: Administrative Order SWD-1600; First Extension of Deadline to Commence Injection

Uber North SWD Well No. 1 (API 30-015-43805)

Unit B, Sec 15, T23S, R31E, NMPM, Eddy County, New Mexico

Order Date: November 20, 2015

Injection into Devonian formation; permitted interval: 16500 feet to 17500 feet

Dear Ms. Wilson:

Reference is made to your request on behalf of Mesquite SWD, Inc. (the "operator") to extend the deadline stipulated in order SWD-1600 based upon the approval date of November 20, 2015, to commence injection for the above referenced well for an additional one year for reasons outlined in the attached correspondence.

It is the Division's understanding from your request that there have been no significant changes in the information provided in the application submitted for review and approval of this order. The additional evaluation for the extension included a review for the completion of new wells within the Area of Review that penetrated the approved injection interval and any changes in ownership of affected persons notified for the original application.

The Division finds that granting this request to extend this administrative order is in the interest of conservation, will prevent waste, and will protect the environment.

The deadline to commence injection for the existing order is hereby extended until November 20, 2018. All requirements of the above referenced administrative order and agreements in the

application remain in full force and effect.

Sincerely,

DAVID R. CATANACH
Director
