13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

XTO Permian Operating, LLC files this sundry to notify the referenced well has been shut in for economic reasons. ACOI-201888 was entered into with the State of New Mexico on June 10, 2020 to leave the well in a long term shut in status until 2023.

The well will be reviewed annually to determine if it should be returned to production or plugged and abandoned upon expiration of the ACOI.

14. I hereby certify that the foregoing is true and correct.
