Dear Mr. Thompson:

The Commissioner of Public Lands has, of this date, approved the referenced Plan of Development. The possibility of drainage by wells outside the unit area, and the need for further development of the unit may exist; therefore, we may contact you at a later date regarding these possibilities.

Our approval is subject to like approval by the Bureau of Land Management and the New Mexico Oil Conservation Division.

If you have any questions or if we may be of further help, please contact Pete Martinez at (505)-827-5791.

Very truly yours,
