Attention: Mr. Jack Stivers

Gentlemen:

An inspection was made May 13, 1960 of the location of your plugged and abandoned Hoover Ranch "A" Well No. 1, located in the NE/4 NW/4 of Section 2, Township 10 North, Range 27 East, N27M, Quay County, New Mexico. The plugging of the well cannot be approved until the present marker has been replaced by a marker of regulation size (4") and extending 4 feet above ground level and set in cement. It will also be necessary to remove the empty and partially filled drums left strewn about the location and in the earthen water tank adjacent to the location, also remove any debris or other equipment left on or near the location as the Ranch Manager desires to be removed.

When you have complied with the above request please notify this office so that the location can again be inspected.

Very truly yours,

J. E. KAPTEINA
District Engineer
