Re: D'Spain Well No. 2
C-12-6N-6E
Torrance County, NM

Dear Mr. Aday:

A review of your well file has indicated that more than sixteen months have elapsed since this agency has received any official word or forms on the progress of the above-referenced well. It would appear to this office that there has been an adequate time period to evaluate the potential of this well. Should the well be capable of commercial production, then the appropriate required forms should be submitted to this office. Should the well be dry, then the appropriate forms and logs must be submitted stating the proposed plugging program.

Should you have any questions pertaining to this matter, please contact me at this office.

Sincerely,

A handwritten signature in black ink that reads "Roy E. Johnson". The signature is written in a cursive style with a long horizontal line extending to the right.

ROY E. JOHNSON
Senior Petroleum Geologist
