Dear Sir -

We received your letter regarding forms # C102-103 but we have never cemented in any casing to this date.

We have lowered our 8" as we drilled and used same as a protective casing. To be sure of everything, we have purchased a string of 6" which we will continue to drill thru until such time that it is necessary to cement off.

We will make proper application on C-102 at that time. If we are wrong in sending in form C-104 today, please advise.

Thanking you indeed for past favors and regretting any trouble we might have caused you, we remain

Truly Yours,

Cardinal Oil Company
