If a Watercourse was Impacted, Describe Fully.*

RECEIVED

By OCD; Dr. Oberding at 10:25 am, Mar 31, 2015

Describe Cause of Problem and Remedial Action Taken.*

Truck Rollover causing spillage.

Describe Area Affected and Cleanup Action Taken.*

Safety & Environmental Solutions, Inc. has assessed and remediated the site according to said and approved remediation plan submitted to the NMOCD Lea County on January 15, 2015, and approved on January 21, 2015. All impacted soils were removed to an NMOCD approved facility and no further action is necessary. Safety & Environmental Solutions respectfully requests closure of the regulatory file for this site.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
