RE: Centurion Pipeline, LP Annual Report for Temporary Permission to Discharge Hydrostatic  
Test Water HBP - 032

Dear Mr. Jones,

Centurion Pipeline, LP (Centurion) respectfully submits this annual report to the New Mexico Oil Conservation Division to inform the NM OCD of its discharge activities during 2015. Centurion apologizes for filing this report beyond 45 days prior to the effective date of HBP-032, as is specified in the permit granting process, and will make every effort to ensure that all future reports are submitted on time.

Centurion did not perform any hydrostatic testwater discharges during the effective period of Permit HBP-032 or at any time within 2015; thus, no discharge specifics have been included in this report. Please feel free to contact me directly should you have any questions at 713-215-7241 or dean\_cox@oxy.com. Centurion appreciates your consideration and review of this annual report.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Dean Cox', is written over a horizontal line.
