Subject: Approval of Delineation and NAPL Recovery Work Plans

Reference:

<u>Project</u>	<u>Name</u>
3RP-468	State Com J6

Dear Mr. Walker:

Thank you for your 26Jun17 submission of the work plans we asked ConocoPhillips for on 25May17 to delineate NAPL and benzene plumes and to recover NAPL effectively by use of more active remediation techniques. You presented more details of 2013 delineation efforts and have proposed Geoprobe sampling and up to three eight-hour days of multiphase dual extraction (MPDE) efforts.

OCD approves the work plan referenced above with the following conditions.

- Notify OCD District III staff at least 48 hours prior to start of delineation or recovery work at each site.
- Notify OCD District III staff of your proposed schedule.

Randolph Bayliss, P.E.
Hydrologist, District III
