Dear Mr. Galer:

Thank you for your timely 14Jul17 submissions of the work plans we asked for on 26May17 to more fully delineate and to recover NAPL effectively by use of more active remediation techniques on the above sites.

OCD approves the work plans referenced above with the following conditions.

- Complete these delineation and recovery activities before the year end 2017.
- Provide OCD with a rough schedule of these activities once they are known,
- Notify OCD District III staff at least 48 hours prior to start of work at each site.
- Notify OCD District III staff of changes in your proposed schedule above.

OCD would appreciate an informal summary of your successes in recovery work before next year's annual report.

Randolph Bayliss, P.E.
Hydrologist, District III
