Subject: Approval of Monitoring Well Installation Work Plans

Reference:

<u>Project</u>	<u>Name</u>	<u>Wells</u>	<u>Location</u>	<u>Scheduled to begin</u>
3RP-196	James F Bell #1E	five MWs	N and E	October 2017
3RP-204	K-27 Line Drip 72	two MWs	N	October 2017

Dear Mr. Wiley:

Thank you for your 5Oct17 submissions of work plans for installation of new monitoring wells referenced above.

We note your mention of a site-specific HASP for these activities. Could you please provide me copies of those plans?

Yesterday's letter approving work plans for groundwater monitoring contains a mistake. 3RP-238 is shown as K-27 Line Drip whereas it should be Standard Oil Com #1.

OCD approves the work plans referenced above.

Respectfully,

Randolph Bayliss, P.E.
Hydrologist, District III
