Ref     Your letter 23Mar18 Progress Update  
         2017 Annual Groundwater Monitoring Report  
         AP-51 Maverik former Caribou Refinery in Kirtland

OCD Santa Fe and Aztec District staff have reviewed the referenced documents. OCD approves your proposals to discontinue sampling from MW-10, MW-18, MW-19, MW-20, and MW-21 and to P&A all eight offsite MWs.

Your proposed gauging and sampling program for wells within the slurry wall and the remaining onsite wells is likewise approved.

Respectfully,
