Subject: BW-4 (Wasserhund, Inc. Eidson State #1 API# 30-025-26883): OCD Not Administratively Complete Letter
Attachments: OCD Not Admin Complete 10-1-2018.pdf

Mssrs: Larry Gandy and Wayne Price,

Please find attached the New Mexico Oil Conservation Division (OCD) above subject letter. OCD is focused on the Wasserhund, Inc. Brine Well WQCC Applications (applications) for Renewal.

OCD has taken more time to review the applications based on references to the file in the submitted original application for renewal. OCD looks forward to working with Wasserhund, Inc. to complete the administratively complete process and to receive any additional technical information to successfully complete the permit review process.

A hard copy was placed in the U.S. Mail this morning.

Thank you.

Re: Discharge Permit (BW-004) Wasserhund Inc., UIC Class III Brine Well "Eidson State No. 1" (API# 30-025-26883) UL: M Section 31 Township 16 South, Range 35 East, 567 FSL, 162 FWL, Lat. 32.87313°, Long. 103.50503° NAD83, NMPM, Lea County, New Mexico

Mr. Price,

The New Mexico Oil Conservation Division (OCD) has received Wasserhund Inc.'s application for discharge permit renewal and the initial filing fee, dated June 12, 2018 for the Eidson State Well No. 1 located in the UL: M (SW/4 SW/4) of Section 31, Township 16 South. Range 35 East. NMPM, Lea County, New Mexico.

The department has determined based on 20.6.2.3108 NMAC that the application is **not administratively complete**.

The OCD has identified the following deficiencies:

- 1) The description of the activities that produce the discharge are not fully described as required by 20.6.2.3108(F)(3) NMAC. OCD requires more details about the brine well.
- 2) The brief description of the expected quality of the discharge is not present as required by 20.6.2.3108(F)(4) NMAC.
- 3) Synopsis of notice in English for OCD approval with complete Spanish Version also included in any Newspaper posting by operator for official WQCC Public Notice under 20.6.2.3108 (C)(2) NMAC.

Upon receipt of the information requested above, OCD may deem the application administratively complete and provide public notice pursuant to the WQCC notice requirements of 20.6.2.3108 NMAC to determine if there is any public interest.

Please contact me at (505) 476-3490 or carlj.chavez@state.nm.us if you have questions. Thank you for your cooperation throughout the review of the application.

Respectfully,

Carl I. Chavez
Environmental Engineer

Public Notice Display Ad: (Lovington, NM "Leader")

Legal notification for 3"x4" newspaper display add per Water Quality Control Commission Regulations 20.6.2.3.108.8.4 NMAC

Wasserhund Inc., P.O. Box 2140 Lovington, New Mexico 88260, Larry Gandy, has filed a permit renewal application with the New Mexico Oil Conservation Division (OCD) to renew the operating permit for a class III brine well for its existing brine and fresh water station previously permitted by the OCD as BW-04.

This site is located on State Road 238 and approximately 7 miles west and 5 miles south of Lovington, New Mexico. The facility is located in the SW/4 of SW/4 of Section 31 of Township 16 South, Range 35 East, NMPM, Lea County, New Mexico.

Fresh water is injected into the Salado salt formation at a depth ranging from 2100 to 2600 feet below the surface to produce brine water. The site produces approximately 25,000 barrels of brine water per month.

Ground water in this area is approximately 75 feet below the ground surface and has a total dissolved solid content of 600-700 mg/l.

This facility is designed and permitted to have no intentional water contaminants discharged to the surface or subsurface for the protection of groundwater. The system has concrete and synthetic liners to prevent any spills or leaks from reaching the ground surface.

If you have any questions or concerns please do not hesitate to contact Wasserhund Inc. at the address above or you may contact Wayne Price 505-715-2809 or E-mail wayneprice@q.com. Wasserhund Inc. welcomes your input.

The New Mexico Oil Conservation Division (OCD) will accept comments and statements of interest regarding this application and will create a facility-specific mailing list for persons who wish to receive future notices. Interested persons may contact Jim Griswold, Oil Conservation Division (OCD) 505-476-3465 or by writing 1220 South Saint Francis, Santa Fe, New Mexico, 87505.
