Vickie:

OCD is looking into your inquiry and will respond ASAP. OCD is experiencing staffing vacancies and is attempting to resolve your closure status request.

Thank you for your patience and for contacting OCD.

Yes, it was. But I do believe it was submitted after Olivia was no longer there, I think it was Kristen Houston who was to take over, but she never responded, then I was told she was no longer there, and all environment issues were being sent to Santa Fe. So I am not sure why Kristen did not upload the reports you are looking for.

Vickie:

Good morning. OCD is in receipt of your inquiry of 3/14.

In reviewing the OCD Online (1R-5025) Admin. Record of 11/13/18 (click [here](#)), Olivia Yu of OCD after approving backfill operations requested the photo documentation in the Closure Plan along with the Closure Section of the revised C-141 Form for the above subject RP.

I do not see it in the admin. record. Was it submitted to OCD?

Thank you.

Since I still have not heard anything I am following up on the below email to see where we stand with this issue. I would greatly appreciate a notice, are you missing information, etc. I am not understanding why this has yet to be resolved.

Thank you once again for your prompt attention.

Jim:

Vicki Smith at (575) 433-8395 with Texland Petroleum in Hobbs called to request the status of closure on the above subject remediation plan.

She said all environmental paperwork was submitted by their contractor to Olivia Yu. They have been waiting a couple of months for closure.

Thank you.
