Subject to General Threshold

Enforcement Cases

(Six years as of 04/30/2020 updated monthly from [FMCSA](#))

No penalties found

USE OF SMS DATA/INFORMATION

FAST Act of 2015:

Readers should not draw conclusions about a carrier's overall safety condition simply based on the data displayed in this system. Unless a motor carrier has received an UNSATISFACTORY safety rating under part 385 of title 49, Code of Federal Regulations, or has otherwise been ordered to discontinue operations by the Federal Motor Carrier Safety Administration, it is authorized to operate on the Nation's roadways.

Safety Measurement System:

The data in the Safety Measurement System (SMS) is performance data used by the Agency and Enforcement Community. A  symbol, based on that data, indicates that FMCSA may prioritize a motor carrier for further monitoring.

The  symbol is not intended to imply any federal safety rating of the carrier pursuant to 49 USC 31144. Readers should not draw conclusions about a carrier's overall safety condition simply based on the data displayed in this system. Unless a motor carrier in the SMS has received an UNSATISFACTORY safety rating pursuant to 49 CFR Part 385, or has otherwise been ordered to discontinue operations by the FMCSA, it is authorized to operate on the nation's roadways.

Motor carrier safety ratings are available at <http://safer.fmcsa.dot.gov> and motor carrier licensing and insurance status are available at <http://li-public.fmcsa.dot.gov/>.
