RE: ENVIROTECH LANDFARM #4 C-137 APPLICATION SUBMITTAL TIME EXTENSION REQUEST

At this time Envirotech is requesting additional time to respond to the New Mexico Oil Conservation (NMOCD) letter dated December 16th, 2020. Envirotech was unable to meet the required timeline do to difficulties surrounding work constraints and ability to obtain necessary information from third party vendors such as County Assessor records and Land Title information.

Envirotech is requesting an additional 60-day Extension to properly address the items listed in the December 2020 letter from the NMOCD. By our calculation this would make the revisions due to the NMOCD by close of business April 1, 2021.

We appreciate the opportunity to be of service. If you have any questions or require additional information, please contact our office at (505) 632-0615.

Respectfully Submitted,
ENVIROTECH, INC.
