**CERTIFIED MAIL**

**RETURN RECEIPT NO. 7099-3220-0000-5051-1156**

Mr. A.C. "Tony" Walker  
Phillips Pipe Line Company  
3B11 Adams Building  
Bartlesville, OK 74006

**Re: 5 Year Renewable Hydrostatic Test Waters Discharge Permit HBP-NM-012**

Dear Mr. Walker:

The New Mexico Oil Conservation Division (OCD) has received Phillips Pipe Line Company request dated August 31, 2000 to renew their five (5) year authorization to discharge hydrostatic test waters.

Based on the information and commitments provided, authorization is hereby **approved** with the following conditions:

1. This permit is for testing new pipe and new tanks only. All used pipe and tank tests must receive specific discharge approval from the OCD prior to testing. Used pipe and tank are defined as any tank or pipe or section of pipe that has had any hydrocarbons in contact with its walls.
2. Only fresh water (preferably less than 1,000 mg/l total dissolved solids) from a water supply system or other potable source shall be used in hydrostatic testing.
3. The volume of test water cannot exceed 100,000 gallons. All tests involving more than 100,000 gallons must receive specific authorization from the OCD prior to testing.
4. No test waters will be discharged to any lakes, perennial streams, rivers, or any surface bodies of water or their respective tributaries that may be seasonal.
5. Ground water is not less than 10 feet from the surface at the point of discharge.
6. The Discharge does not impact adjacent property.

7. The discharge does not cause any freshwater supplies to be degraded or to exceed standards as set forth in Section 3103A, B and C of the New Mexico Water Quality Control Commission Regulations.
8. **A report must be filed by September 1 of each year** summarizing all tests of new pipe with less than 100,000 gallons each. The report will be submitted to the OCD Santa Fe Office and shall contain the following information:
  - A. Date of test,
  - B. Location of test - Section, Township and Range,
  - C. Volume of discharge, and
  - D. Source of test water

The request for discharge authorization was submitted pursuant to New Mexico Water Quality Control Commission Regulations and is approved pursuant to that regulation.

This authorization is approved for a period of five (5) years. The authorization will **expire September 1, 2005**.

Please be advised that this approval does not relieve received Phillips Pipe Line Company of liability should their operation result in pollution of surface water, ground water, or the environment. In addition, OCD approval does not relieve received Phillips Pipe Line Company of liability for compliance with other laws and/or regulations.

If there are any questions, please call Martyne Kieling at (505) 827-7153.

Sincerely,

Roger C. Anderson  
Environmental Bureau Chief

Re: Discharge of Hydrostatic Test Waters  
Five Year Permit HBP-NM-012

Dear Mr. Walker:

The New Mexico Oil Conservation Division (OCD) has received Phillips Pipe Line Company (Phillips) (formerly WestTex 66 Pipeline Company) request dated November 5, 1998 to add new tanks to the existing renewable five year authorization to discharge hydrostatic test waters.

Based on the information and commitments provided, authorization is hereby approved with the following conditions:

1. This permit is for testing new pipe and new tanks only. All used pipe and used tank tests must receive specific discharge approval from the OCD prior to testing. Used pipe is defined as any pipe or section of pipe that has had any hydrocarbons in contact with its walls. Used tank is defined as any tank that has had any hydrocarbons in contact with its walls.
2. Only fresh water (preferably less than 2,000 mg/l total dissolved solids) shall be used in hydrostatic testing.
3. The volume of test water cannot exceed 100,000 gallons. All tests involving more than 100,000 gallons must receive specific authorization from the OCD prior to testing.
4. No test waters will be discharged to any lakes, perennial streams, rivers, or any surface bodies of water.
5. A report must be filed every twelve months summarizing the activities and shall contain the following information:
  - A. Location of test - Section, Township and Range
  - B. Date of test.
  - C. Volume of discharge.
  - D. Source of test water.

The request for discharge authorization was submitted pursuant to New Mexico Water Quality Control Commission Regulations and is approved pursuant to that regulation.

This authorization is approved for a period of five (5) years. The authorization will expire September 1, 2000.

Please be advised that this approval does not relieve Phillips of liability should their operation result in pollution of surface water, ground water, or the environment. In addition, OCD approval does not relieve Phillips of liability for compliance with other laws and/or regulation.

If there are any questions, please call Martyne J. Kieling at (505) 827-7153.

Sincerely,

Roger C. Anderson  
Environmental Bureau Chief

Bartlesville, Oklahoma 74004

Re: Discharge of Hydrostatic Test Waters (HBP-NM-012)

Dear Mr. Maddox:

The New Mexico Oil Conservation Division (OCD) has received WestTex 66 Pipeline Company's (WT66PL) request dated August 28, 1995 for a renewable five year authorization to discharge hydrostatic test waters.

Based on the information and commitments provided, authorization is hereby approved with the following conditions:

1. This permit is for testing new pipe only. All used pipe tests must receive specific discharge approval from the OCD prior to testing. Used pipe is defined as any pipe or section of pipe that has had any hydrocarbons in contact with its walls.
2. Only fresh water (preferably less than 2,000 mg/l total dissolved solids) shall be used in hydrostatic testing.
3. The volume of test water cannot exceed 100,000 gallons. All tests involving more than 100,000 gallons must receive specific authorization from the OCD prior to testing.
4. No test waters will be discharged to any lakes, perennial streams, rivers, or any surface bodies of water.
5. A report must be filed every twelve months summarizing the activities and shall contain the following information:

A. Location of test - Section, Township and Range

OFFICE OF THE SECRETARY - P. O. BOX 6429 - SANTA FE, NM 87505-6429 - (505) 827-5950  
ADMINISTRATIVE SERVICES DIVISION - P. O. BOX 6429 - SANTA FE, NM 87505-6429 - (505) 827-5925  
ENERGY CONSERVATION AND MANAGEMENT DIVISION - P. O. BOX 6429 - SANTA FE, NM 87505-6429 - (505) 827-5900  
FORESTRY AND RESOURCES CONSERVATION DIVISION - P. O. BOX 1948 - SANTA FE, NM 87504-1948 - (505) 827-5830  
MINING AND MINERALS DIVISION - P. O. BOX 6429 - SANTA FE, NM 87505-6429 - (505) 827-5970  
OIL CONSERVATION DIVISION - P. O. BOX 6429 - SANTA FE, NM 87505-6429 - (505) 827-7131  
PARK AND RECREATION DIVISION - P. O. BOX 1147 - SANTA FE, NM 87504-1147 - (505) 827-7465

Mr. Scott Maddox  
September 1, 1995  
Page 2

- B. Date of test.
- C. Volume of discharge.
- D. Source of test water.

The request for discharge authorization was submitted pursuant to New Mexico Water Quality Control Commission Regulations and is approved pursuant to that regulation.

This authorization is approved for a period of five (5) years. The authorization will expire September 1, 2000.

Please be advised that this approval does not relieve WT66PL of liability should their operation result in pollution of surface water, ground water, or the environment. In addition, OCD approval does not relieve WT66PL of liability for compliance with other laws and/or regulation.

If there are any questions, please call Chris Eustice at (505) 827-7153.

Sincerely,

William J. LeMay  
Director
