Re: **Site # 57, Pipeline Spill Remediation Closure Denial**  
UL-P, Sec.20, T21S-R37E, Dated: January 13, 2003, Larson & Associates, Inc.

Dear Mr. Wrangham,

The New Mexico Oil Conservation Division (OCD) has reviewed the closure proposal submitted for Dynegy, by Larson & Associates, and referenced above. **OCD hereby denies** the proposal according to the information provided. The "Ranking Criteria" is 10 because groundwater is 50-100 ft. in that section.
