**RE: FINAL SAN JUAN BASIN PIT CLOSURE REPORT**

Dear Mr. Reston:

The New Mexico Oil Conservation Division (OCD) has completed a review of Gruy Petroleum Management's (GPM) undated "PIT REMEDIATION AND CLOSURE REPORT". This document contains the results of GPM's pit closure activities for the Shugart "A" Disposal Overflow Pit located in Sec 29, T18S, R31E, Eddy County, New Mexico.

The pit closure/soil remediation activities conducted at the site listed above are **approved**.

Please be advised that OCD approval does not relieve GPM of liability if remaining contaminants are found to pose a future threat to surface water, ground water, human health or the environment. In addition, OCD approval does not relieve GPM of responsibility for compliance with any other federal, state or local laws and/or regulations.

If you have any questions, please call me at (505) 827-7154.

Sincerely,

A handwritten signature in black ink, appearing to read "Will Olson".

William C. Olson  
Hydrologist  
Environmental Bureau
