*Eddy County, New Mexico*

Dear Mr. Wittenbach:

The New Mexico Oil Conservation Division (OCD) has completed a reviewed of your revised remediation project dated March 30, 1994 for remediation of a former BS&W pit.

The above mentioned revised closure plan is hereby approved with the following conditions:

1. The remediation project will conform to the OCD "Unlined Surface Impoundment Closure Guidelines."
2. A closure report will be submitted to the OCD district and Santa Fe offices on the "Pit Remediation and Closure Report" no later than May 20, 1994.
3. The OCD will be notified at least 72 hours in advance of all closure activities such that the OCD may have the opportunity to witness the activities and/or split samples.

Please be advised that OCD approval does not relieve Kerr-McGee Corporation of liability if closure activities determine that contamination exists which is beyond the scope of the closure plan. In addition, OCD approval does not relieve Kerr-McGee Corporation of liability for compliance with other federal, state or local laws and/or regulations.

If you have any questions, please do not hesitate to contact me at (505) 748-1283.

Sincerely,
