has begun, please attach a	AC the responsible party may commence re a parrative of actions to date. If remedial 6	emediation immediately after discovery of a release. If remediation efforts have been successfully completed or if the release occurred				
within a lined containmen	at area (see 19.15.29.11(A)(5)(a) NMAC), p	lease attach all information needed for closure evaluation.				
I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to OCD rules and						
regulations all operators are	required to report and/or file certain release notif	ications and perform corrective actions for releases which may endanger				
public health or the environm	nent. The acceptance of a C-141 report by the O	CD does not relieve the operator of liability should their operations have				
failed to adequately investigate and remediate contamination that pose a threat to groundwater, surface water, human health or the environment. In addition, OCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws						
and/or regulations.	•
