Was this a major release as defined by	If YES, for what reason(s) does the responsible party consider this a major release?						
19.15.29.7(A) NMAC?							
Yes No							
165 100							
If YES, was immediate n	otice given to the OCD? By whom? To whom? When and by what means (phone, email, etc)?						
	Initial Response						
The responsible	The responsible party must undertake the following actions immediately unless they could create a safety hazard that would result in injury						
The source of the rele	ease has been stonned						
15-150	is been secured to protect human health and the environment.						
102	ave been contained via the use of berms or dikes, absorbent pads, or other containment devices.						
713 - 217	d above have not been undertaken, explain why:						
Per 19.15.29.8 B. (4) NM	AC the responsible party may commence remediation immediately after discovery of a release. If remediation						
has begun, please attach a narrative of actions to date. If remedial efforts have been successfully completed or if the release occurred within a lined containment area (see 19.15.29.11(A)(5)(a) NMAC), please attach all information needed for closure evaluation.							
I hereby certify that the info	rmation given above is true and complete to the best of my knowledge and understand that pursuant to OCD rules and						
regulations all operators are	required to report and/or file certain release notifications and perform corrective actions for releases which may endanger nent. The acceptance of a C-141 report by the OCD does not relieve the operator of liability should their operations have						
failed to adequately investig	ate and remediate contamination that pose a threat to groundwater, surface water, human health or the environment. In						
addition, OCD acceptance of and/or regulations.	f a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws
