## Closure

The responsible party must attach information demonstrating they have complied with all applicable closure requirements and any conditions or directives of the OCD. This demonstration should be in the form of a comprehensive report (electronic submittals in .pdf format are preferred) including a scaled site map, sampling diagrams, relevant field notes, photographs of any excavation prior to backfilling, laboratory data including chain of custody documents of final sampling, and a narrative of the remedial activities. Refer to 19.15.29.12 NMAC.

Closure Report Attachment Checklist: Each of the for	llowing items must be included in the closure report.
A scaled site and sampling diagram as described in 1	9.15.29.11 NMAC
Photographs of the remediated site prior to backfill of must be notified 2 days prior to liner inspection)	or photos of the liner integrity if applicable (Note: appropriate OCD District office
Laboratory analyses of final sampling (Note: approp	riate ODC District office must be notified 2 days prior to final sampling)
Description of remediation activities	
and regulations all operators are required to report and/or may endanger public health or the environment. The accepshould their operations have failed to adequately investiga human health or the environment. In addition, OCD accepcompliance with any other federal, state, or local laws and restore, reclaim, and re-vegetate the impacted surface area	and complete to the best of my knowledge and understand that pursuant to OCD rules file certain release notifications and perform corrective actions for releases which ptance of a C-141 report by the OCD does not relieve the operator of liability ate and remediate contamination that pose a threat to groundwater, surface water, stance of a C-141 report does not relieve the operator of responsibility for Vor regulations. The responsible party acknowledges they must substantially a to the conditions that existed prior to the release or their final land use in n to the OCD when reclamation and re-vegetation are complete.
