Describe Cause of Problem and Remedial Action Taken.*

This is a shut in well that had a small, shallow casing leak. We have cleaned up the location and are repairing the leak.

Describe Area Affected and Cleanup Action Taken.*

The area affected was approximately 10'x20' immediately around the well. The dirt was hauled to a disposal and location dirt was used to replace the stained dirt.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOC rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOC marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOC acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
