Subject: [EXT] XTO Energy- Extension Request- Poker Lake Unit 18 BD Central Tank Battery (2RP-5597)

All,

XTO is requesting an extension to the current deadline of October 28, 2019 for submitting a remediation work plan or closure report required in 19.15.29.12.B.(1) NMAC at the Poker Lake Unit 18 BD Central Tank Battery (2RP-5597). The release was discovered July 30, 2019 and initial site assessment was conducted. Remediation activities are currently ongoing. Final excavation activities and sample collection is expected to be complete the week of October 28, 2019. To provide enough time to review analytical results and complete a remediation work plan or closure report, XTO requests a 60-day extension of the current deadline until December 30, 2019.

Thank you,

Kalei Jennings
