Subject: [EXT] XTO-Extension Request-Poker Lake Unit 18 BD Central Tank Battery (2RP-5597)

All,

XTO is requesting a second extension to the current deadline of December 30, 2019 for submitting a remediation work plan or closure report required in 19.15.29.12.B.(1) NMAC at the Poker Lake Unit 18 BD Central Tank Battery (2RP-5597). The release was discovered July 30, 2019 and initial site assessment was conducted. Remediation activities are currently ongoing. The most recent analytical results indicated the need for further remediation at the site. To provide enough time for further site assessment, remediation work, and the completion of a remediation work plan or closure report, XTO requests a 90- day extension of the deadline to March 30, 2020.

Thank you,

Kalei Jennings
