Hello,

I believe this may have been sent to the wrong district, although it was sent to Mr. Bratcher, it was also sent to district 1. Please forgive the oversight.

Thank you,

Jim, as discussed attached is the C141 for the spill that occurred on February 20, 2019.

Please note, the rig is still active at this site and estimated rig move will occurred approximately first or second week in April, 2019.
