09/21/2020

Chevron  
Scott Foord for Arcadis for Chevron

On above indicated location/release (nJXK1523037497) the following:

Deferral is APPROVED, however, in future when claiming utility limitations for work a scaled map indicating locations of said utilities and photos will be needed. Please keep a copy of this communication as no paper copy will follow.

The OCD appreciates your efforts. Deferral will be indicated in data base although it may take a bit of time to show in the imaging file.

Sincerely,

Bradford Billings  
EMNRD/OCD

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

**Subject:** [EXT] 1RP-3808 Chevron CVU-199 Deferral Request Re-submittal

Brad,

I hope all is well. Per our discussion last week regarding re-submitting deferral and closure requests previously submitted in 2019, please see attached deferral request for 1RP-3808 (Chevron CVU-199). Like discussed, I will email directly to you, not re-submitting via the portal. We will space out the re-submittals like discussed to a couple per day, every couple of days, over the next few days. Please let me know if you need any additional information or have any questions. Thanks for your assistance with these.

Thanks,  
Scott
