Subject: [EXT] XTO Extension Request - Muy Wayno Frac Pond (Incident Number NRM2024756871)

All,

XTO is requesting an extension of the current February 14, 2021 deadline for submitting a remediation work plan or closure report required in 19.15.29.12.B.(1) NMAC for the Muy Wayno Frac Pond (Incident Number NRM2024756871). The release was discovered on August 18, 2020 and initial site assessment was conducted. Remediation activities are currently pending until current operations on-site cease and the release can be addressed. The release occurred adjacent to a temporary tank which is currently scheduled to be removed within the next 30 days. Once the tank is removed, remediation activities can proceed. In order to complete the remediation activities and submit a remediation work plan or closure report, XTO requests a 90-day extension of this deadline until May 15, 2021.

Thank you,
Korey
