Subject: RE: [EXT] NRM2012859198 - Extension Request MSU 551H Advance Energy

Cristina,

We are finalizing the characterization of incident NRM2012859198. We have additional horizontal and vertical delineation to perform along a 60-ft segment along the southern extent and along the southeast extent, see attached map. After additional characterization, we will submit a remediation and restoration plan to NMOCD. Our current deadline is March 17, 2021. Therefore, Advance Energy respectfully asks NMOCD for a 30-day extension to complete additional characterization and submit the remediation and restoration plan.

Please contact me with any questions.

Thank you,

Ms. Eads,

Completion operations at the three adjacent wells completed this week. Flowback operations are scheduled for next week. Flowback operations will take about 90 to 120-days for the three wells.

Therefore, Advance Energy Partners respectfully asks NMOCD for a 90-day extension to complete remedial actions at the MSU 551H (Incident #NRM2012859198).

Please contact me with any questions.

Thank you,

Andrew,

Thank you for the additional information. Your extension request is approved. Remediation will be due 90 days from today, December 17th, 2020.

Please let me know if you have any questions.

Thanks,

Cristina Eads | 505-670-5601

Ms. Eads:

Attached is a request for extension of remedial activities at the above referenced location. Fracking and flowback operations are expected to begin in October and equipment is mobilizing to the location where additional remedial activities is necessary.

Please let me know if you have any questions.

Thank you.

Subject: RE: [EXT] NRM2012859198 - Extension Request MSU 551H Advance Energy

Andrew,

Thank you for the status update at this incident site. The request for a 90 day extension added to the current remediation due date is granted for the reasons stated in the memo. At this time, a deferral will not be considered. The OCD will evaluate the deferral request when the C-141 and remediation report is reviewed.

Please let me know if you have any questions.

Thanks,

Cristina Eads

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Ms. Eads:

Per our phone conversation, attached is an extension request to complete remedial activities at the above referenced Advance Energy Partners location.

Please contact me with any questions. Please note I will be out of the office from June 14th through July 4th. I will have limited email and cell phone coverage.

Thank you.
