Please hold all well information confidential for the maximum time allowed by Division Rules.

We plan to restore the location after the reserve pit dries this summer. The water well conversion form was supposed to have been signed by a representative of the State Land Office and sent to the Surface Tenant for signature. This matter was being handled by Dallas Land Department and they indicate that they will follow up on the matter. If additional information is needed at this time, please advise.

Sincerely

HUNT OIL COMPANY
