

## NEW MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

## MISCELLANEOUS NOTICES

Submit this notice in TRIPLICATE to the District Office, Oil Conservation Commission, before the work specified is to begin. A copy will be returned to the sender on which will be given the approval, with any modifications considered advisable, or the rejection by the Commission or agent, of the plan submitted. The plan as approved should be followed, and work should not begin until approval is obtained. See additional instructions in the Rules and Regulations of the Commission.

OIL CONSERVATION COMMISSION  
SANTA FE, NEW MEXICOSpringer, N. M.  
(Place)July 10, 1963  
(Date)

Gentlemen:

Following is a Notice of Intention to do certain work as described below at the LaRoe No. 1 Well

Willard C. Franks L R I E Well No. 1 in F  
(Company or Operator) (Unit)

SE 1/4 NW 1/4 of Sec. 19, T. 27 N., R. 22 W., NMPM., Wildcat Pool  
(40-acre Subdivision)

Colfax County.

FULL DETAILS OF PROPOSED PLAN OF WORK  
(FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS)

Original estimate of the depth to the DAKOTA SS is proving too shallow apparently as we are at 1150' and expect to reach the top of the sand between 1200 and 1400' while my permit called for 1200'. So would appreciate your permission to drill to 1400' if necessary to reach the Dakota objective.

We have had no lost circulation, encountered no water and the well has drilled firm and snug all the way although the rig lost almost 5 weeks drilling time because of mechanical failure requiring a new motor, rig drive transmission and other repairs. But I believe that I will have a very fine well on this geology.
