RE: Grace Atlantic #1-J
Section 24, T22S, R26E
Eddy County, New Mexico

Dear Mr. Gressett:

Request exception to rule 402 for Gas Well Shut-in Pressure Test as the above well is producing some fresh water and it started producing this fresh water at the time that we had to cut the production back due to the proration. We feel that if we shut this well in to run this test the fresh water will be harmful to the formation.

Sincerely yours,

Juanita L. Jones
